## U.S. Trade Pact Soon Ready, Says Premier King

Talks Near Completion, He States on Return From Indies Cabinet to Meet

OTTAWA (CP)—Negotiations on the Canada-United States trade agreement are near completion, Prime Minister King told news men who met him today on his arrival in Ottawa after a month's vacation in the Caribbean.

While the opening date of Parliament will be up for consideration at tomorrow's cabinet meeting, Mr. King said it would probably be early in the New Year.

Bronzed and looking in excellent health, Mr. King was greeted by Rt. Hon. Ernest Lapointe, Minister of Justice, who has been acting prime minister during Mr. King's absence.

The capital was covered with a light fog, but Mr. King took the first opportunity to obtain a glimpse of the work on Confederation Square, where the National War Memorial has been completed during his absence. He expressed delight at the view.

"We did not start this work any too soon," he remarked to Mayor Lewis, evidently alluding to the visit next year of the King and Queen.

## Study Changes In Marriage Law

Government May Submit Bill on Health Tests And Eight-day Rule

Legislation to revise the marriage laws of British Columbia may be submitted to the House this session.

A special committee which held hearings during the year on contentious points in the marriage laws has submitted its report to the cabinet and a draft of legislation is now being considered, it was learned today.

Two proposals aroused the greatest interest. One was that couples intending to wed should be required to have health examinations before licenses are granted. The other was the abandonment of the rule requiring eight days to elapse between issuance of a marriage license and the performance of the marriage.

The proposed health examinations are aimed at preventing the spread of venereal disease. While it is not suggested a person would be barred from marrying if an examination revealed the disease, it is thought the examination alone would prevent an undesirable wedding. Twenty-eight of the United States now have such laws.

Chief objection to the eight-day clause is that along the southern part of the province it is ineffectual in preventing hasty marriages. Couples anxious to wed simply cross the border and are married in the United States.

## Much Lumber Burned

MCCLOUD, Calif. (AP)—Fire destroyed between 20,000,000 and 25,000,000 board feet of lumber at the McCloud River Lumber Company's plant here before it burned out early today.

## THE WEATHER

VICTORIA, 8 a.m. today—Ship reports are not available off the British Columbia coast, but the storm appears to be passing seaward from Queen Charlotte Island causing gales with heavy rain on the coast. The weather has been mostly fair over the interior of this province, but it has become rather cold on the prairie.

## New Destroyers Moored Today At Esquimalt

Ottawa and Restigouche Join Canadian Naval Fleet on Pacific Four Now at Base

Dawn was just breaking as Canada's newest defence ships, H.M.C.S. Ottawa and H.M.C.S. Restigouche, slipped silently past Fisgard Light and took up moorings in the Esquimalt dockyard this morning.

Arrival of the two naval units brings the Canadian naval fleet stationed on the Pacific coast to a total of four destroyers, with a floating personnel of 516 officers and men. Each ship has a complement of 129.

It marked the first time four destroyers had been stationed at the Esquimalt naval base, H.M.C.S. Fraser and H.M.C.S. St. Laurent, berthed nearby, being sister ships.

## OFFICIAL CALLS

Owing to the early arrival of the Ottawa and Restigouche the official calls did not take place until 10 this morning, when Commander C. R. N. Taylor, R.C.N., commander of the flagship Ottawa, accompanied by Lieut. Commander W. B. L. Holmes, R.C.N., called on Capt. Victor G. Brodeur, R.C.N., captain-in-charge of the Esquimalt dockyard, and later paid their respects to Lieutenant Governor Eric Hamber, Premier T. D. Pattullo, Brigadier J. C. Stewart and Mayor Andrew McPherson.

These calls were returned at midday when the destroyer commanders received aboard ship.

Rain was falling and a chilly breeze swept the harbor as the destroyers smartly fetched alongside, the Ottawa taking the berth astern the Fraser at the naval jetty and the Restigouche tying up at the ordnance wharf.

Eager relatives and friends stood in eager knots about the jetty. Dr. Eric and Mrs. Boak waited to meet their son, Sub-Lieutenant Eric Boak, who is assigned to the Ottawa. Officers aboard the Ottawa under Commander Taylor are Lieut. Commander H. F. Pullen, Lieut. J. H. Stubbs, Lieut. A. R. Turnbull and Lieut. A. C. K. Laman.

With Lieut. Commander Holmes on the Restigouche are Lieut. J. C. Hibbard, Lieut. R. A. Webber, Lieut. D. W. Piers and Lieut. B. H. Dodds.

## LONG VOYAGE

After fitting out at Portland, England, the Ottawa and Restigouche sailed from the British dockyard September 6, and reached Gaspé, Quebec, September 13. They called at Dalhousie, N.B., en route to Montreal, where they arrived September 22. At Montreal Capt. Brodeur turned the Ottawa over to Commander Taylor on October 2.

Clearing from the St. Lawrence port October 4, the destroyers touched at Halifax, N.S., leaving there October 12 via Panama and San Pedro, Calif.

The ships received a good dusting off San Francisco, gale weather accompanying them the rest of the way to Victoria. Arriving shortly after midnight, the ships anchored in the Royal Roads until daybreak.

Before they were purchased from the British Admiralty the Ottawa and Restigouche were the Crusader and Comet. They each carry the same armament as the Fraser and St. Laurent, four 4.7 guns, two two-pounder pom-poms, five Lewis guns and eight 21-inch torpedoes.

## ON ANNUAL CRUISE

Early in the new year the Ottawa and Restigouche will leave on the annual cruise to southern Pacific waters in company with the Fraser and St. Laurent.

While here the new ships will be equipped with central steam heating.

They are named after the Ottawa River, on which the federal capital stands, and the Restigouche River, in New Brunswick.

## Gas Cut in Chicago

CHICAGO — Effective today Standard Oil of Indiana is reducing the price of gasoline to dealers one-half cent a gallon in the Chicago metropolitan area. The new prices are 12.1-10 cents on regular and 13.6-10 cents a gallon on ethyl gas, both prices including state and federal taxes.

MAY WORK WITH JAPAN

—Latest reports from Peiping say Gen. Wu Pei-Fu, above, former Chinese warlord, may head a Japanese-dominated government of central China. Japanese leaders are preparing to set up. See story on page 2.

## Winch Seeks Strike Rights

C.C.F. to Open B.C. Labor Issue In Legislature

While the government does not intend to bring its new labor relations act passed last year before the Legislature this session, Harold Winch, C.C.F. whip, made plans today to force the issue by a motion.

The government, it is intimated, is not likely to accept the Winch proposals, but his action may bring about another full-dress debate on the labor issue.

Mr. Winch told the Times today he will deal with only two points in his amendment. First, he will seek to alter the collective bargaining clause so it will clearly state the right of trade unions to bargain for all employees. The act, as now in force, allows a union to act only if a majority of employees vote for it.

Secondly, Mr. Winch wants to give labor the right of "quickie" strikes. He maintains that in certain occupations a quick strike is labor's only weapon. The act now outlaws strikes until conciliation and arbitration proceedings have been carried out.

## FRANCO TROOPS REPORT ADVANCE

Mora de Ebro Reported In Ruins and Loyalists Surrounded

MENDAYE, France (AP)—Spanish insurgent dispatches reported today Gen. Franco's forces had encircled Mora de Ebro, the government's salient on the west bank of the Ebro River, and that the town already had been reduced to ruins.

Capture of Mora de Ebro by the insurgents would wipe out the last of the gains made by government forces in their offensive July 26. Government reports admitted only that "the enemy succeeded in making slight advances on a very reduced front."

REFUGEES WANDER IN CENTRAL EUROPE

—Victims of the diplomatic chess game that changed their nationality without consulting them, hundreds of Jews are huddling, homeless and hungry, in the neutral no-man's-land between German Sudetenland and Czechoslovakia. Expelled from their Sudeten homes by Nazi Storm Troopers, they were refused admittance to Czechoslovakia because they are technically German citizens. The photo above was taken south of Brno, where 150 Jewish refugees, many stricken with influenza, made a roadside camp. Some slept under hedges. Luckier ones found shelter under makeshift tents.

## Limits Expected To Be Set for Bren Inquiry

Commissioner Will Rule If Manufacturers To Be Heard

## Must Not Be Endless

OTTAWA (CP)—To hear evidence from arms and other manufacturers as proposed by Hon. J. L. Ralston, K.C., chief commissioner counsel, "may land me in a hopeless and endless controversy," Mr. Justice H. H. Davis declared at the opening of today's session of the Bren gun contract inquiry. He would announce his decision in a day or two and possibly take a short adjournment to give the question consideration.

Col. Ralston announced last Friday he proposed to call seven witnesses representing arms and other factories in Canada and the United States. His purpose was to touch on the claim the Defence Department contract for 7,000 Bren machine guns, given the John Inglis Company Ltd., Toronto, should have been subject to tenders.

Before going on with the evidence today—at the beginning of the seventh week of the hearing—Commissioner Davis observed that a week ago it had been the general expectation a few days more would clear up the evidence. He had "spoken hurriedly" when Col. Ralston announced, at adjournment time there would be additional witnesses in the tender aspect. "Perhaps I was under a strain at the time," he said.

"Friday he had said he could not exclude witnesses. I have thought of this matter over the week-end, but I am not yet decided whether we shall hear the manufacturers, and I will not hastily reach my conclusion. The more I think of it the more I fear the endlessness of such a procedure. How will I know where to stop? ... One manufacturer will say one thing, one will say something else."

## GLOUCESTERS MAY VISIT WINDSORS

Duke and Duchess May See Former King And Wife in Paris

LONDON (AP)—A person usually well informed said today the Duke and Duchess of Gloucester might visit the Duke and Duchess of Windsor in Paris next Friday.

The Duke and Duchess of Windsor are staying at a Paris Hotel while a new home is being prepared for them.

The Duke of Gloucester and his wife are returning from an East African holiday. They will fly from Marseilles to Paris November 11 and break their journey in the French capital.

It is probable they will make this visit the occasion of a meeting with the Duke and Duchess of Windsor, this informant said.

If the meeting occurs it will be the first between the former King and any member of his family since his sister, the Princess Royal, and her husband, the Earl of Harewood, visited him in Vienna, February 7, 1937.

## HON. R. R. BRUCE'S PLANS INDEFINITE

Former Minister to Japan Now in Montreal; to Report to Premier

MONTREAL (CP)—Hon. R. Randolph Bruce, who last month asked to be relieved of his post as Canadian minister to Japan, said today he will report shortly to Prime Minister King at Ottawa, but his plans after that are indefinite.

Mr. and Mrs. Bruce arrived here last night, coming directly to Montreal to visit a sick relative. Mr. Bruce was unable to say where they would establish their residence.

"In any event, I intend to stay here for some time," said the former Lieutenant-Governor of British Columbia. "I have friends in Montreal. I am quite free now to live where I please, because I decided over my house on Lake Windermere, B.C., for use as a hospital for the residents of the district."

Although declining to discuss political matters, Mr. Bruce spoke of Canada's trade with Japan, expressing belief the Dominion was fortunate in having a preference over other nations.

## Republican Gain In U.S. Foreseen

But No Chance of Democrats Losing Control In Elections Tuesday

WASHINGTON (AP)—The oratory and blaring bands of an exciting election campaign faded into the background today, while party workers took over the vital job of canvassing door-to-door.

They wanted to obtain a record "off-year" turnout tomorrow of 40,000,000.

Amid the valetudinary which ended months of political turbulence, the belief prevailed in both major parties that the Republicans would make congressional gains for the first time since 1928.

Not even the most optimistic Republicans, however, hoped to overturn the huge Democratic majorities in the Senate and House of representatives. Their avowed goal was to cut them down as much as possible. They forecast Democratic losses of a half dozen or more Senate seats and of 75 or 80 in the House.

Democratic Chairman James Farley called such a prediction absurd, although he said it "would be idle to deny" some Democratic House members would lose. Most prominent Democrats figure the House turnover at 25 to 50, and concede two or three senators and as many governors to the opposition.

Although the voters in 47 states will choose 35 senators, 432 representatives, 32 governors and a host of state and county officials, Maine voted in September, re-electing its Republican governor and three Republican representatives.

## Diesel Trucks Out

DETROIT — General Motors this week is introducing diesel engines on all its trucks, and busses. Use of diesel oil instead of gasoline, it is estimated, will effect a saving of 40 to 60 per cent in fuel cost.

## Vancouver Man Stated Abducted Before Drowning

Widow Tells Police Husband Robbed of \$6,400 and Drugged Body in Lagoon

VANCOUVER (CP)—Police investigating the death of Edward Peters were told today by the widow that before his death Peters had told her he was abducted early Wednesday, held three days in a windowless basement, robbed of a \$6,400 government annuity cheque and drugged with what he thought to be iodine.

The widow disclosed today to police investigating his drowning yesterday morning in Lost Lagoon that he had been absent from home from early Wednesday morning until Friday night and that he suffered from the effects of a drug Saturday. She said he had told her the abduction story on his return.

The body was recovered from the lagoon in Stanley Park about a half-hour after Kathleen Wallington reported she had heard someone struggling in the pond.

Mrs. Peters told police her husband had not been working since June and left home on Wednesday to receive a \$6,400 cheque. She said she was not sure whether he received it or not or where he was to have got it.

She did not see him again until Friday night, when he returned home, his clothes dirty and his hair matted. He was in Stanley Park and made to walk home. Boarders in the house said they heard a car stop outside just before Peters returned.

## STRANGE PHONE CALL

A half-hour before he returned, Mrs. Peters said she received a telephone call in which a strange voice said: "Your husband will be home."

Throughout Saturday, she said, Peters suffered from the effects of drugs, but on Saturday he arose, told her he had recovered, and went downstairs to attend to the furnace. That was the last time she saw him alive.

The next thing she learned was that his body had been recovered from the lagoon.

## Civic Pension Plan Expected This Session

"We are hoping to have legislation ready this session to put the municipal superannuation scheme on a sound basis," Hon. G. M. Weir, Provincial Secretary, said today.

A new scheme for municipal employees has been the subject of conferences between provincial officials and both employees and municipal councils for some time. The majority have approved it, with some reservations, as being the only way to save the present scheme from financial collapse.

## RUSSIAN EX-PRINCE DIES

NEW YORK (AP)—Ex-Prince George of Russia, 35, son of the late Grand Duke Constantine, Russian poet, died today after a two months' illness.

## British Hail Nine Fliers for Record

Sabotage Seen In Ship Blast

Oakland Official Says Explosion on German S.S. Vancouver Criminal Action

OAKLAND, Calif. (AP)—Criminal sabotage was blamed today by district Attorney Earl Warren for the blast that felled the German freighter Vancouver last Thursday in Oakland estuary.

As workmen tried to pump water from the Hamburg-American line steamship and refloat her, Warren said:

"There is no doubt criminal action has caused the explosion. We must get to the bottom of this situation immediately."

He declared that all agencies investigating the explosion were definitely agreed "the blast came from without the vessel."

Warren said nothing further could be determined until the 477-foot vessel was raised from a shallow mud bank where she settled.

## German Wounded By Jew in Paris

Ernst von Rath, Secretary of Reich Embassy, Shot

PARIS (AP)—A 17-year-old Polish Jew, declaring he had come to avenge his countrymen who had been expelled from Germany, today shot and gravely wounded a secretary of the German embassy here.

The secretary, Ernst von Rath, 32-year-old nephew of the late Roland Koester, former German ambassador to France, was taken to a hospital, where he underwent an operation for removal of bullets from his abdomen and one shoulder.

The assailant, who gave his name as Herschel Grynszpan, formerly of Hanover, Germany, was captured by embassy attaches after a brief scuffle and handed over to the French police.

The embassy spokesman said the youth declared he "wanted to avenge his Polish brethren" (Germany last week sent back to Poland several thousand resident Polish Jews, fearing new Polish passport regulations might deprive them of citizenship and leave them in Germany as German charges.)

The youth entered the embassy at 9.35. He was taken to the office of Von Rath, attached to the German legation service as well as to the embassy.

Two pistol shots rang out, and other attaches came on the run. Both shots struck Von Rath and wounded him seriously.

## 'COUNTESS' REJECTS SUICIDE THEORY

Woman Boxer Says Nephew Died in California By Foul Play

LANCASTER, Calif. (AP)—"Countess" Vina Jeanne la Marry, former actress and claimant to a women's welterweight boxing title, scorned today the theory that her artist nephew, whose skeleton and a hunting rifle were found near her desert home Friday, had committed suicide.

"So many people hated us. It's a wonder I haven't been murdered too," she told sheriff's deputies in identifying the victim as Gustave M. Van Harren, 26, whom she had reared.

The 46-year-old woman said she became a countess by marrying an Italian nobleman in 1914. Officers said Van Harren disappeared last November, a month after his release from a state mental hospital. The skeleton was discovered by the "Countess" Vina's newly-hired ranch caretaker during her absence.

## Mexico Imports Wheat

MEXICO CITY (AP)—The government committee to regulate foodstuffs announced today the importation of large but unspecified quantities of United States and Argentine wheat, to meet an acute shortage here, perhaps to be paid for with Mexican oil.

Two of Three Bombers Did 7,160 Miles, Egypt to Australia Other 6,600 Miles

LONDON (CP-Havas)—The long-distance record achieved by three British bombing planes in a flight from Ismailia, Egypt, to Port Darwin, Australia, caused widespread enthusiasm in aviation circles today.

Observers said the flight brings back to this country one of three important records it previously held. The other two, for speed and altitude, now belong to Italy.

H. E. Perrin, secretary of the Royal Aero Club, said breaking the long-distance record had long been the ambition of the Royal Air Force.

## ONE REFUELED

PORT DARWIN, Australia (AP)—Nine young British airmen today hold the world's non-stop distance record, having won it for the Royal Air Force with a flight across Indian jungles and southern seas from Ismailia, Egypt.

Two of the three Vickers Wellesley bombing planes in which they flew roared into Port Darwin shortly after noon Monday, having covered approximately 7,160 miles in a few minutes over 48 hours for an average speed of 149 miles an hour. The third landed at Kupang, Timor Island, Dutch East Indies, about 6,600 miles from Ismailia, due to a fuel shortage. It refueled and took off again.

All three eclipsed the previous record set by Soviet airmen who flew 6,306 miles from Moscow, across the North Pole region and B.C. to San Jacinto, Calif., in July, 1937. And the Soviet flight took 62 hours and 17 minutes.

## PAST CELEBES

The nine-ton bombers equalled the record when they flashed across the southern tip of the Celebes Islands at 6 a.m. Port Darwin time (12.30 p.m., Sunday, P.S.T.).

Seven hours and 32 minutes later Squadron Leader R. Kellett, pilot of the No. 1 plane and commander of the flight, and his two companions, Flight-Lieutenant R. T. Gehling and Pilot Officer M. L. Gaine, landed at Port Darwin.

The second plane, manned by Flight-Lieutenant A. N. Combe and B. K. Burnett and Sergeant H. B. Gray, landed three minutes later. The third arrived at 5.10 p.m.

The airmen were sunburned and their eyes bloodshot, but they were little affected otherwise by their two days and two nights in the air over deserts, mountains and seas.

## FRENCH FINANCE SOLUTION READY

Survey Completed as Nationalist Armistice Day Plot Charged

PARIS (AP)—Finance Minister Paul Reynaud announced today that decrees to meet the republic's pressing financial problems will be handed down before the end of the week.

A communiqué said M. Reynaud had completed a survey and would confer with Premier Daladier and financial experts before the expected beginning tomorrow of a series of cabinet meetings to approve the decrees. No indication was given of the nature of these measures.

M. Daladier was called on for democratic guarantees by the powerful Socialist Party, which accused Nationalists of plotting to seize power on Armistice Day. The Premier was asked to assure the "free functioning of Parliament and the democratic regime."

The party's official newspaper, Le Populaire, redoubled its appeals to Paris workers for vigilance. The appeals followed a resolution passed by the Socialist National Council asserting that "forces of Fascist reaction threaten republican institutions."

A copy of the council's resolution was presented to M. Daladier.

Le Populaire declared hundreds of "professional rioters" had been brought to the capital by nationalists to lead Armistice Day disorders and unless police curb them "none can foresee the end."

## Centenarian to Vote In Indiana Contest

PETERSBURG, Ind. (AP)—If election day is fair, Mrs. Cassaner Kime, 103, says she will go to the polls and vote as she always has since women were granted suffrage—the straight Democratic ticket.

Just across the street lives Mrs. Mary Oliphant, 92, widow of Col. W. A. Oliphant, who says she will vote the straight Republican ticket tomorrow.

## Stalin Reviews Giant Parade

Soviet Marks 21st Anniversary of Revolution; 1,000,000 March

MOSCOW (AP)—One million persons marched past Joseph Stalin today in a huge parade through Moscow's Red Square celebrating the 21st anniversary of the Bolshevik revolution, Soviet Russia's "coming of age."

Stalin, secretary-general of the Communist Party, stood on top of the tomb of Nikolai Lenin, leader of the revolution, for the review.

The Soviet Union's armed might was displayed. Tens of thousands of picked troops and hundreds of light and heavy tanks—some which raced across the square at 40 miles an hour—and hundreds of aircraft took part.

The only speech was that of Klement Voroshiloff, War Commissar, who emphasized Russia was prepared to meet force with force.

Among those standing with him was Georgi Dimitroff, secretary-general of the Communist International, whose manifesto urging workers everywhere to destroy reactionary elements in their own countries was made public last night.

### SAYS ARMY READY

After inspecting troops drawn up in the Red Square, Voroshiloff also climbed to the top of the tomb to deliver the anniversary oration. Its essence was that Soviet Russia's armed forces constantly are ready.

"World war is bursting into flame," he said, "but the enemy never will catch us napping."

The War Commissar accused Japan of attempting to "get a piece of Soviet land cheap and then scream about the weakness of the Soviet army and navy" at Changkufeng, where Russians assert they scored a victory over Japan in fighting last August on the border between Manchuria and Siberia.

"We do not know how long they will remember the lesson they received at Changkufeng," Voroshiloff declared. "But if they forget it we will teach them another stronger lesson."

## Second Tanganyika Gunshot Death

DARES-SALAAM, Tanganyika (CP-Havas)—Knight Bruce, acting president-justice of Tanganyika, today was found dead from gunshot wounds with a hunting rifle at his side.

His death caused a sensation as it followed that of Major Robert Napier Clark, president of the Tanganyika Law Society, by only three days. Major Clark's body was found last Friday with a rifle beside him.

Last year over 7,000 Victorians said: "I'm supporting the Chest."

## Tokio Paper Threatens U.S.

Army Organ Says Retaliation Would Follow Attempt to Enforce Treaty

TOKIO (AP)—The newspaper Kokumin, considered the organ of the army and nationalist elements, has given warning Japan will take retaliatory measures if the United States should attempt to force her to continue recognizing the Nine-power Treaty.

The newspaper Sunday scoffed at the declaration of Cordell Hull, United States Secretary of State, last Friday in Washington that the United States' attitude in the Far East was based on existing treaties and remained unchanged.

Kokumin belittled Mr. Hull's declaration as designed for home consumption and declared British machinations were working behind the scenes.

The newspaper attacked any United States' economic reprisals against Japan's assertion of economic and political sway in the Orient would bring disaster to the "Roosevelt regime." Such a step, it said, would draw the United States into the centre of the China problem and American public opinion would not tolerate being involved.

Japan, it declared, was prepared to take practical retaliatory measures should the United States resort to any economic action against the imperial government. In such a case, it said, Japan no longer would be bound to respect rights of United States commercial interests in China.

### Boys Started Fire

VANCOUVER (CP)—A fire started by two youths in a south Vancouver service station last night was extinguished by a mechanic before any damage was done. Identity of the youths is not known.

## Election Talk In Great Britain

LONDON (CP-Havas)—The Daily Express, Independent, reported today British political circles expect a general election in January or February, or even sooner, depending on Parliament's reaction to Prime Minister Chamberlain's peace and defence programs.

The present House of Commons was elected in November, 1935, and can last until 1940 if the government so decides.

## Japanese Drive Into New Country

Army Prepares for Campaign Against Chinese Defences in Hunan

SHANGHAI (AP)—Japanese forces were reported attacking Chinese positions along the border of Hunan Province Monday preparatory to a drive into the hitherto untouched territory where Generalissimo Chiang Kai-shek has concentrated the backbone of his defence.

The invaders were advancing up the Yangtze River from Hankow, as well as overland, aiming at Yochow, 122 miles from the former provisional capital.

Yochow is on the Canton-Hankow railway and the Yangtze at the entrance of the 3,000-square-mile Lake Tungting.

One Japanese column was reported to have captured Tsungyang, 55 miles northeast of Yochow, while another was said by the Japanese to have taken Wullpao, 25 miles to the north-east, killing 400 Chinese.

Hongkong dispatches, meanwhile, said the Chinese were preparing for a major counter-offensive in south China in an effort to retake Canton, which fell to the Japanese October 21.

Two Britons, who returned to Canton after an unsuccessful effort to rescue a British merchant ship, reported Japanese control in Kowloon. Japanese did not extend past the main highways.

## Russian Calls Lindbergh Spy

MOSCOW (AP)—Vyacheslav Molotov, chairman of the Council of People's Commissars, last night called Col. Charles A. Lindbergh a "ruffian spy."

He referred casually to the United States flier at a celebration of the 21st anniversary of the Bolshevik revolution, charging capitalist countries presently were sending spies to the U.S.S.R. Molotov described the Changkufeng fighting, where the Russians assert they scored a victory over Japan last August, as a provocation engineered in Berlin as well as in Tokyo.

"Germany and Japan wanted to test our strength," said Molotov. "They got their answer. They found it dangerous to trifle with the U.S.S.R. There is nothing left for them to do but spread rumors about the weakness of the red army and air force. They do this through various ruffians and spies—such as Lindbergh."

## Acclamation in Montreal Riding

MONTREAL (CP)—Peter Berovitch, K.C., who resigned his seat in the Quebec Legislature after serving as a Liberal member in Montreal St. Louis for 26 years, was elected today by acclamation as Liberal House of Commons member for Montreal-Carrier.

Berovitch was the only candidate named when official nominations were closed this afternoon. He will fill the seat left vacant by the death of the veteran Jewish member, Samuel Jacobs, K.C., who retained the seat for the Liberal party since 1917.

## New Japan Trade Moves in China

Central Company Created But Reassurances Given Foreigners

TOKIO (AP)—The Japanese government Monday paved the way for reconstruction of war-devastated areas of central China when it formed the Central China Development Company, twin of the North China Development Company.

Kenji Kodama, president of the newly-formed company, gave assurances Japan had no intention of monopolizing commerce in China or of interfering with existing or future foreign enterprises. "We have no idea of monopoly," Kodama said. "We will not interfere with foreign interests already existing in central China, nor shall we oppose new foreign investments provided they are offered in the spirit of friendly co-operation."

The new holding company, which was incorporated, was capitalized at 100,000,000 yen (\$27,000,000).

Kodama said the company would not solicit foreign financial aid, adding: "We are not in a position to do that." He denied the various companies to be affiliated under the holding company would be completely Japanese.

"On the contrary, we intend to work hand in hand with the Chinese," he said. "Chinese capital will enter and Chinese labor already is at work."

Referring to Prime Minister Chamberlain's speech in which he said the time was not far distant when Japan would need British capital for this work, Kodama said: "I believe that statement is based on misinformation."

He expressed the belief that a "period of unprecedented prosperity is coming," and indicated foreign investors would be permitted to share in it.

"After all," he said, "we Japanese have not forgotten that the Japanese people have entered. We have no intention to interfere with these long-seated rights."

## Man Killed in Mainland Crash

BOSTON BAR, B.C. (CP)—An inquest was scheduled to take place here today on the death of Peter Rade of Prince George, killed when the truck in which he was riding skidded on an icy bridge near here Saturday and plunged into Jackass Creek. A second passenger, H. Johnson, suffered broken ribs and bruises in the crash.

Police report that Rade and Johnson were riding on the top of a load in the truck when the accident happened, and were pinned to the roof after the car rolled over.

George Brooks and a relief driver, H. Dolman, pulled Johnson out of the vehicle, but were unable to locate Rade until two hours later.

Boston Bar is about 150 miles east of Vancouver in the Fraser River Canyon.

BOYLE, Alta. (CP)—Voters went to the polls in the Athabasca provincial by-election today in clear and mild weather to name a new member of the Alberta legislature.

Necessitated by the death of C. C. Ross, former minister of lands and mines in the Social Credit government, the by-election is being contested by C. H. Tade, Social Credit, and C. J. R. Whiteley, Liberal.

## TEMPERATURES ON PRAIRIES DROP

WINNIPEG (CP)—Temperatures tumbled over the prairies to below zero at some points, while snow fell in northern Saskatchewan and in central Manitoba. Winnipeg residents awoke to find a thin blanket of snow over the countryside with the mercury hovering around 19 degrees above. Snow, heaviest fall in November in years, appeared at Prince Albert in northern Saskatchewan.

Heavy fog and frost was experienced in the Regina and Moose Jaw districts. It was clear and cold with the mercury four under the zero at Saskatoon.

The day broke bright and sunny at Edmonton with the temperature around 35. In southern Alberta it was cloudy and mild at Calgary.

## Central China Control Plan

Gen. Wu Pei-fu Mentioned As Choice for Head of Japanese-backed Ministry

By J. D. WHITE  
Associated Press Foreign Staff  
PEIPING—At least the preparatory framework of a new central Chinese government, under Japanese auspices and the nominal leadership of a retired Chinese warlord is expected to be announced shortly.

This was learned from sources which said Japan's ace political manipulator, Lieut. General Keni Doihara, conferred for two hours Friday with General Juichi Terauchi and emerged triumphant, having reached an agreement of details of the plan.

Terauchi is commander of Japanese forces in north China.

These sources predicted the new regime would mean eventual elimination of western economic interests in China.

It was said the new central government would be based in Peiping and Nanking. Government would not be proclaimed until after a "people's council" had been convened to elect high officials.

The prospective head of the new government is General Wu Pei-fu, 60 years old, who has participated in hostilities in China since the turn of the century. He was reported to have been considered chairman of the united council of the Peiping and Nanking regimes, but Chinese sources said his wife then would not permit him to work for the Japanese.

## 30 Perish in Blaze at Oslo

Guests Trapped in Photographer's Studio in Norwegian Capital

OSLO (CP)—A sudden blaze that trapped guests crowded in a photographer's studio Saturday night turned a gay party into one of Norway's worst fire disasters.

The bodies of 30 victims, most of them burned beyond recognition, were identified yesterday and today by jewelry and bits of clothing.

The photographer had festooned his third-floor apartment with paper hangings for the party, to which he invited about 40 guests. Not all were present when the fire started.

When firemen forced down the only door of the apartment—opening inward—they found 13 burned bodies in one heap behind it. Five guests were burned to death trying to escape down a flight of stairs and six others were killed in leaps to the pavement of downtown Oslo. At least six others died in the apartment.

### Boy Killed While Hunting Rabbits

BLAIRMORE, Alta. (CP)—Fourteen-year-old Leonard Kneip of Blairmore was shot and fatally wounded while rabbit hunting near Frank, Alta., Saturday. Wounded in the right side, he died within 20 minutes.

A stray bullet from a small calibre rifle struck young Kneip while a companion, Joe Katas, 14, was shooting at trees, police reported. No inquest will be held. Kneip, an only son, is survived by his mother. His father was killed in an accident at Kimberley some years ago.

### MAN AND SON MISSING

WINNIPEG (CP)—Constable Jason (Sandy) McNair, 34, of the Winnipeg police force, and his son, William, 26, are believed to have drowned in Mud Turtle Lake, 85 miles east of here. They accompanied J. ## Police Hunting Trails for Robber

Country South of  
Nelson Combed for  
Payroll Bandit

NELSON, B.C. (CP)—British Columbia police took to prospecting trails and logging roads in the Salmo-Ymir district south of here today as they sought a bandit who held up Hugh Armstrong Saturday, shot him in the neck and fled with \$1,000 in currency and cash miners' cheques at the Ymir Yankee Girl Mine.

While Armstrong was recovering in a hospital, police blocked all roads in the district and spread their hunt through the hilly, wooded country traversed mainly by trail and logging and mining roads, few and scattered.

Armstrong said the man appeared a half mile below the Yankee Girl Mine camp, where the road is steeply graded. He jumped on the running board of the car, fired two shots at Armstrong, one of which struck him in the neck.

"I want your money," the gunman said, grabbed it and started down the road.

As Armstrong turned to look after him the bandit said: "You keep going, keep going."

Armstrong drove to the camp, where he described the bandit as about 40 years old, 5 feet 10 inches in height, dark complexion and wearing dark overalls and a cap.

## Real Antiques In Coffee Room

Miss M. Richards, well known to Victorians as proprietress of the Cowichan Bay Inn, has now taken over control of the Old English Coffee Room, situated in the Douglas Hotel building, and reached either through the lounge of the hotel or by a separate entrance off Pandora Avenue.

Antiques, the restaurant combines a delightful English atmosphere with up-to-date service and delicious fare. Of special interest are the furnishings, for Miss Richards, a lover of antiques, has brought in her own beautiful pieces to enhance the effect. An old carved oak settle, inlaid china cabinets carrying pewter and valuable china pieces, period chairs and tables, these make the Old English Coffee Room unique.

Breakfasts, lunches, teas and dinners are served, the coffee rooms being open from 8 in the morning to 8 at night. All white help is used, and the services of a well-known chef have been obtained. Down the farther wall runs a mahogany counter, where counter lunches are served for patrons who wish light lunches and quick service.

## Hungary Wants More Territory

Enthusiasm for  
Extension Grows as  
Czech Area Occupied

BUDAPEST (AP)—Sentiment for further territorial revision rode at high crest in Hungary today.

Enthusiasm whipped up by military occupation of a sizeable slice of Czechoslovakia inspired Hungarian leaders to tell the people this victory was "only partial justice."

Hungary, they said, rejoiced that Italian-German arbitration had brought the return of 4,875 square miles of territory, about one-fifth of the total lost to Czechoslovakia at the end of the Great War. But, speakers added, the country would not be satisfied with that.

The Hapsburg Archduke Joseph, a field marshal in the Great War, was one who called for a drive to gain full revision of the Great War Treaty of Trianon.

"Now, without distinction of class or rank, we will only be Hungarians working for restoration of Saint Stephen's Hungary" (pre-war Hungary), "the 72-year-old archduke said in a trembling voice as he watched the Hungarian army of occupation move up yesterday at Esztergom.

## No Aggression in This Hemisphere

U.S. Ready to Join  
Nations for Defence,  
Says Sumner Welles

WASHINGTON (CP)—Sumner Welles, under-secretary of state, has given the world fresh notice the United States is preparing not only to defend itself, but to aid in keeping the entire Western Hemisphere safe from any threatened attack.

His words, coming at a time when the United States government is engaged in a general survey of its national defence needs, in which commitments of the century-old Monroe Doctrine are being kept closely in mind, reminded listeners of President Roosevelt's statement in regard to Canada and the Monroe Doctrine, made last summer.

At that time, speaking at Kingston, Ont., the President said the United States would not "stand idly by" should Canada be invaded by a foreign power.

Later, queried about his statement, the President referred questions to the Monroe Doctrine, which pledged the United States to defend the Western Hemisphere from aggression.

### HEARD IN SOUTH

In an address heard in a nationwide broadcasting and carried to South America, Mr. Welles last night appealed for inter-American solidarity at a time when "the doctrine of hatred is threatening civilization."

Territorial integrity and individual liberty may depend on continued close relations between the American republics, he said. "As a nation," Mr. Welles asserted, "we will assure ourselves that we are in a position to defend ourselves from any aggression from whatever source it may arise, and to be prepared to join with our fellow democracies of the New World in preserving the Western Hemisphere safe from any threat of attack."

Mr. Welles said the Eighth Pan-American Conference, meeting at Lima, Peru, December 9, would be of outstanding importance in view of the world situation. State Secretary Hull is expected to head the United States delegation.

Mrs. Pederson and her son, Ellis, were returning to Outlook from their farm, eight miles southeast of here, when the car, driven by the son, stuck in deep snow.

## Winston Churchill Replies to Hitler

Fuehrer Advised to  
Search Heart Before  
Accusing Others

LONDON (CP-Havas)—Winston Churchill today asked Chancellor Hitler to "search his own heart and conscience before he accuses anyone of being a war-monger."

In a statement issued to the press in reply to Hitler's attack on him at Weimar Sunday, the Independent Conservative expressed astonishment the Reich chief of state should have singled him out for attack, since he neither heads a party nor occupies an official position.

"The whole world would rejoice to see a Hitler of peace and tolerance," Mr. Churchill said, "and nothing will adorn his name in world history so much as acts of magnanimity, mercy and pity to forlorn and friendless, to weak and poor...."

"The whole peoples of the British Empire and the French republic earnestly desire to dwell in peace side by side with the German nation. But they are also resolved to put themselves in a position to defend their rights and long-established civilizations."

"They do not mean to be in anybody's power."

Hitler yesterday spoke before 100,000 Nazis for 35 minutes in Weimar, capital of Thuringia, once a Socialist hot-bed which became one of the earliest converts to Nazi doctrines.

He lectured the democracies and, speaking "as a peace-loving man," declared: "I have decided to give the German Reich a defence force that will be conducive to peace being kept."

He singled out Winston Churchill, former British First Lord of the Admiralty, and Arthur Greenwood, Labor front benchman in House of Commons, for mention by name in attacking anti-Nazi influences against which he said Germany was strong. He referred to British "traitors" and "saboteurs."

"Germany must arm intellectually, morally and materially," he said. "We are ready to disarm on condition that the war-mongers are disarmed. But just so long as this is not done I suppose they want to set a trap for us, as in 1918. But it won't happen this time, Mr. Churchill!"

He said he was suspicious of talk of reducing armaments while the rest of the world armed to the teeth and took cognizance of British labor criticism of Nazism. Greenwood had said in parliament he hoped Nazism and Fascism would be destroyed. "When one thinks of the possibility that his party may come once into power, it is my duty to see that this Reich shall not be crushed," he declared.

"Let the world leave us alone. We want nothing but to get on with our work in peace." The Chancellor touched briefly on Germany's acquisition of Austria and Czechoslovakia's Sudeten areas, saying these territories had become loyal members of the greater Germany.

"We must believe in higher justice," he exclaimed, "when we see how our strenuous efforts have received their reward." In his reference to disarmament he developed as his theme that if there were only authoritarian states in the world to deal with, disarmament would be possible. But he was "suspicious of the democratic states' ability to keep their word and carry through without war. Germany, he said, had become a great power through arms."

## ONE KILLED, 3 HURT IN BLAINE CRASH

Car Leaps 60 Feet  
Into Ravine From  
Pacific Highway

NEW WESTMINSTER (CP)—The 60-foot plunge of an automobile into a ravine beside the Pacific Highway near the United States boundary last night claimed one life and sent three other persons to hospital with injuries.

Cliffie Davies of Blaine, Wash., died in the hospital at Bellingham just three hours after he had suffered a fracture of the skull when the car crashed through a wooden bridge rail and dropped into the deep ravine.

Two other persons in the car suffered serious injuries. Clifton Goodman, also of Blaine was in the Bellingham hospital today with a possible fracture of the skull, while Kay Wilkinson of White Rock, B.C., was in serious condition in a hospital here. Condition of Pat Wilkinson, sister of Kay, was not considered serious, although she also was receiving hospital treatment here.

## Pattullo Urges Defence

Increased Protection for Liberty Advocated in Peace Week  
Message; Hepburn Agrees With B.C. Premier

OTTAWA (CP)—An increase in Canada's armaments and defence forces was advocated by Premier Pattullo of British Columbia and Premier Hepburn of Ontario in messages to the League of Nations Society in Canada, approving the society's Peace Week which started yesterday.

Premier Pattullo said: "I think that we are all for peace, but in view of world conditions today, I am very much in favor of the augmentation of all our forces, and the taking of every precaution to protect our liberties."

"If youngsters in Canada are taught that they must not fight under any conditions, while youngsters of other nations are taught and trained to fight, I am afraid that the future will not hold out very hopeful prospects for Canada."

Premier Hepburn said: "We should be prepared to strengthen our defence forces to the extent that alone, or in collaboration with others, any hostile power would think twice before attacking us...."

"The task of democracies in future will be to demonstrate that international gangsterism does not pay."

Defence Minister Ian Mackenzie said scarcely any sacrifice could be too much for peace, "but even then, it cannot be peace at any price, although it may be peace at almost any price. But amongst British people with our tradition and loyalties, it must be peace with honor."

### VISCOUNT CECIL

Viscount Cecil of Chelwood, internationally-known peace leader, sent a message which said the desire for peace, if properly organized and led, could bring the peace-loving nations together.

"for fundamentally the greatest interest of every nation is peace." The Earl of Lytton, chairman of the executive committee of the League of Nations Union, London, said, that only by a return to the principles embodied in the League covenant could a repetition of last September's critical situation be averted.

## Proposals of C.C.F. Told By Organizer

CALGARY (CP)—Socialization of the power industry, the oil industry and the meat packing industry would be among the first activities of a Co-operative Commonwealth Federation government in Alberta, said William Irvine, president of the province's Co-operative Commonwealth Federation Clubs, when he addressed a meeting here last night.

Mr. Irvine gave the meeting an outline of the C.C.F. policy as it applied to Alberta. He is on an organizing tour of southern Alberta.

Essential difference between the C.C.F. and all other political parties in Canada was that it believed in public ownership of public property, Mr. Irvine said.

Breaking through the thin ice, the aged man was immersed for two hours up to his shoulders in the frigid water until his predicament was discovered and a rescue effected by the fire department.

## Co-operation in Wheat Marketing

REGINA (CP)—Having been long convinced that the wheat problem of exporting countries could not be solved without some form of international co-operation, the board of the western wheat pools found satisfaction in renewed efforts being made to achieve this end.

In its report on the year 1937-38 approved by delegates of the Saskatchewan wheat pool here Saturday, the central board noted that the international wheat advisory committee had been authorized by the various governments concerned to continue in operation.

## A British Triumph

NINE YOUNG MEMBERS OF THE Royal Air Force have set a new record for long-distance flight without stop. Two machines completed the journey from Ismailia, Egypt, to Port Darwin, Australia, approximately 7,160 miles, in just a little more than 48 hours. A third machine was compelled to alight owing to fuel shortage after having traveled 6,600 miles. Three Russians established the former record when they flew their machine from Moscow to San Jacinto, California, a distance of 6,306 miles, in 62 hours and 17 minutes, in July last year.

The machines used by the British birds were Wellesley monoplane fitted with special gas tanks and additional navigational apparatus. Otherwise they are of the ordinary standard type operated by the Royal Air Force. Their maximum speed is approximately 210 miles an hour and normal cruising speed of 180 miles an hour. As they were expected to be obliged to economize on fuel it was not supposed they would travel the long stretch at a greater pace than 135 miles an hour. They actually averaged 149.

Records in the air in recent years have been established merely to be beaten. This latest British triumph—an occasion for congratulations on mechanical efficiency and fine aircraftmanship—no doubt will stimulate competition. It will also furnish encouragement to those young men who are now being trained in large numbers in various parts of the Empire to do their bit toward establishing British air supremacy.

This nonstop flight from Egypt to Australia, incidentally, should be noted specifically by those in our midst who do not appear at all perturbed as they see Japan gradually carving her way toward domination in China—without apparent discouragement of the Japanese. It is a far cry, of course, to the nonstop flight of Japanese bombers across the Pacific. We are none the less living in a fast-moving world. Events follow one another with a rapidity with which the speediest minds of some statesmen are no match.

## "Mein Kampf"

AN ANONYMOUS JOURNALISTIC COMMENTATOR finds it regrettable that so few English-speaking people have read Reichsfuehrer Hitler's "Mein Kampf." It is not surprising, of course, for it is hardly the type of literature to recommend to the individual whose mind is much more easily intrigued with the fine-points of bridge than with the reworking of international frontiers.

It is argued, however, that if the work of the head of the chief Nazi state had been digested on a more universal scale than obviously has been the case, fewer trouble spots would have been attracting the attention of the world today. It is not overestimating the point to say that for many months not a few British statesmen practically refused to take Herr Hitler seriously. Nor is it a secret that in some quarters his program was understood, was not vigorously interfered with, but, wittingly or unwittingly, was actually condoned as preferable to the supposed ascendancy of Communism. The price of this attitude, of course, already has been exacted on the policy laid down in "Mein Kampf," and if there has been any material difference in the demand for payment it has been strangely reflected in dividends in excess of those expected.

The author of "Germany's Bible," moreover, has forced the pace by threat alone—and the countries "arranging" the payment, for example, still have to meet a very stiff bill of expense for general war preparations alone. It will be quite reasonably argued that such a price is a mere bagatelle compared with the cost in lives and treasure in the event of war. Quite so; this merely suggests a return to the argument advanced by the commentator to whom we have referred, that "Mein Kampf" should have been studied more carefully earlier, even during the last 12 months, by those in whose control the course of recent events has rested.

It should be noted, incidentally, that the German text of "Mein Kampf" is considerably stronger than the English translation carried out under strict Nazi supervision, the original running to 782 pages compared with the diluted version of 280 pages. Deletion of the vitriolic sections and misconstruction generally have marked the translation. For example, one part of the German text reads thus: "... for suppressed countries are not won back to the bosom of the Common Reich by flaming protests, but by a mighty sword." The English version is much milder: "... won back ... by a power or combination of powers." The real implication has been camouflaged here.

The "Peace of Munich" was negotiated on the understanding that Hitler had no further territorial ambitions in Europe. Says the original version of "Mein Kampf": "The German people possess no moral right to colonial activity so long as it is not able to unite its own sons in a common state. Only when the boundaries of the Reich include even the last German does there arise from the need of its own people the moral right to acquire foreign soil." The significance of this passage is obvious.

When the British Prime Minister goes to

Paris to meet Premier Daladier and his cabinet, would it not be a good idea if the ministers assembled resolve to ask Reichsfuehrer Hitler if he has scrapped the program laid down in "Mein Kampf," or if he still means to follow its time-table?

## Gestapo For Canada?

OTTAWA IS OUT WITH A PROPOSAL for recruiting and training a limited number of Royal Canadian Mounted Police "reserves" from among the staffs of large plants in several cities. This is going to be interpreted as introducing into Canadian industry a police spy system along the lines of the Gestapo or secret police in the dictator-ruled countries. Nazification is repugnant to every conception of Canadian democracy. Any step in that direction we should take with our eyes open and fully conscious of where it may lead.

## Juvenile Delinquency

ATTORNEY-GENERAL WISMER SAYS "the situation with respect to juvenile delinquency has been steadily getting worse," and that youths have been sent to Oakalla prison and to the new Borstal institution "who should never have been permitted to get there." He and Hon. George Weir, Minister of Education and Provincial Secretary, are endeavoring to work out a measure of practical reform and to enlist the experience of those who deal with juvenile delinquency in the courts.

The government's chief law officer already has manifested his especial interest in the wayward youth of the province. New Haven—the Borstal experiment at Burnaby—appears to be doing excellent work and should eventually more than justify its establishment. But if it shall be possible so to conduct the business of the juvenile courts of the province that these young first offenders shall be spared institutional correction—even in the mild form in operation at New Haven—any plans which Mr. Wismer and Dr. Weir may devise will be good business in every sense of the term.

There always have been and there always will be perverse characters among the youth of the country. But this is no argument for perpetuating a system of dealing with this type of delinquent which is apt to be over-sensitive in its regard for the meticulous provisions of the law. It is presumably this aspect of the problem which the Attorney-General and Minister of Education have in mind in their present move toward an operation from those charged with the duties of juvenile court administration.

## Like Traffic Toll

MAN HAS BEEN REMINDED OFTEN during the last few years of the economic complications of his increased ability to move around at great speeds and with exceeding ease. But now another aspect has been projected with the declaration by a sociology professor that the new ease in moving about the world is a major factor in the rise in the divorce rate. It seems that as the married person travels, according to the professor, he or she sees too many attractive people to allow him or her to remain contented. Grandfather remained happily married because he did not know what else there was in the world.

All this may look like libel on three generations, but it is not beyond belief that the marriage mortality is what it is today for the same reason that the traffic mortality is what it is. Grandfather did not have any traffic troubles; today's men and women have not yet learned how to pilot their marriages safely among the new perils peculiar to a highly accelerated age.

Because of the part raw silk exports play in Japan's economy, the announcement that the Celanese Corporation of America will erect a \$10,000,000 plant for the production of a new artificial silk, following a statement of similar intentions by the du Ponts, may carry more important implications in the long run to Japan than her capture of Canton.

Slowly but surely Canada is getting into the armament race. Ottawa reports that the Canadian Government at the coming session of Parliament will ask for \$50,000,000 for defence purposes, a 50 per cent increase over the appropriation for the current year. That, however, will still leave us far behind in the race, when our per capita expenditure is compared with that of other countries.

The discussions arising out of last week's radio-induced panic seem to establish these facts: 1. That there are people who will believe the most impossible things. 2. That the recent war scare in Europe has worn many a nerve to a frazzle. 3. That young Orson Welles is a masterful showman. 4. That the broadcast version of H. G. Wells' fictional invasion of this planet by men from Mars might have produced a major catastrophe had not the larger part of the population been listening to a concurrent broadcast by a ventriloquist and his dummy.

## NO JUNKET

From Ottawa Citizen

Ottawa's interest in the visit next summer of the King and Queen grows daily. Visions of garden parties and royal courts have been conjured up by the socially-minded. Parades, ceremonies, streaming bunting and crowds of loyal citizens are in prospect. It might not be out of place for somebody to remind the "socially-minded" that the visit of King George and Queen Elizabeth is not a junket designed to indulge them in their passion for hobnobbing in select circles. There are other classes of citizens than the "socially-minded" and those now charged with the duty of organizing the royal visit will do well to keep this fact prominently in mind. If the "socially-minded" have their way—as they had with the King's elder brother—the royal visitors will be haggard wrecks by the time they set sail for home.

### THAT KIND OF GUY

THEY ARE PRODUCING Shakespeare on the radio Sunday night now, and it is really very jolly; more intimate, somehow, than on the stage, even though you can't see the actors. And the fact that the radio plays are successful shows you that Shakespeare is still close to the people, the ordinary people who are too lazy to read him, but like to have him handed out to them pre-digested.

Shakespeare would have liked to put his plays on the radio if he had been alive. He would have written them especially for that medium. He would have woven into them the description of scene and scenery, the suggestions of passing time and so forth that they put into modern radio plays. He probably would have written special parts for Miss Myrna Loy and Mr. Clark Gable, for he was never proud. He always wrote for the market, and charged all the market would stand.

He probably would have been hired to write The March of Time and would have made a swell job of it, and he would have been grabbed by the movies at a salary of several thousand dollars a week to dramatize stories out of The Saturday Evening Post, and I dare say he would have built a mansion on Beverly Hills with a tiled swimming pool and a butler, where he would have given week-end parties, which would be photographed in the tabloid papers, and you would have read bits from Hollywood in the gossip columns like: "Billy Shakespeare, who wrote the script for 'It Happened One Night,' is dating Carole Lombard regularly these days but says they are just good pals."

Yes, this is the kind of age Shakespeare would have loved—plenty of action and color, no sense to it, a tale told by an idiot, full of such stuff as dreams are made of, but jolly while it lasts. Listen to one of his plays on the radio and you'll see he was that kind of a fellow. The kind of a fellow to get drunk with.

## SLANDER

THE AMERICAN BUREAU OF CHIROPRACTIC is suing a movie company which made a picture showing a street car motor-man who took mail-order lessons in chiropractic and practiced on his wife. The bureau thinks this is ridiculing its profession and is a damage to its reputation.

The bureau's professions aren't so sensitive, or the movies would have to spend all their profits on libel and slander suits. Why, the movies have ridiculed every profession—doctors, lawyers, engineers, plumbers and newspapermen. They never picture a newspaperman without slandering our entire trade, but we don't care. We aren't sensitive, like the Bureau of Chiropractic. Perhaps it is because we have no bureau.

As a matter of fact, it's good for a profession to be slandered in the movies. We all need it. It makes doctors, lawyers, newspapermen, and even plumbers, feel humble. Besides, there is no use picturing a doctor, lawyer, newspaperman or plumber as he really is. He is too dull altogether. Even a plumber gets tiresome after a while. The movies can't make money telling the truth. They must improve upon it, as every artist has done from Shakespeare onward. And I'd like to see what Shakespeare would have done with doctors, lawyers, newspapermen and plumbers. And chiropractors. He would have loved them.

## MODERN POLICEMEN

This is no day to be in crime, what with scientific detecting being what it is; with police growing more efficient and numerous by the hour.

But today is a lot better than tomorrow will be if the signs are read correctly. A forecast of what the criminal of tomorrow will encounter may be gained by a picture in the illustrated weeklies of what is taking place in the Municipal Building in New York City.

More than 300 young women, blondes, brunettes and red-heads, are kicking their heels in the air as they take the tests for policemen. They range in age from 21 to 29, in size from the willowy to the buxom.

They lift 40-pound dumbbells with one hand, they hold 60-pound barbells behind their necks and do 10-deep knee bends. Then they, or at least some of them, do jump over 39-inch hurdles. These are ominous signs to an individual about to enter a life of crime. A lissome beauty at a tea party may prove to be a policewoman capable of throwing an average man out the window or of knocking the wind out of him by kicking him in his bullet-proof vest.

These are the themes for an ode or lay  
Meet to be sung by the lyric muse:  
Liquor and love and the crown of bay.

Racing ponies and pugilists may  
Also be chanted by bards who choose—  
These are the themes for an ode or lay.

Boxers I back lead into a hay—  
Maker; the horses I bet on lose.  
Liquor and love and the crown of bay.

Appeal to my Pegasus more than they.  
Strictly according to Horace's views,  
These are the themes for an ode or lay.

Wine's exhilarant wears away.  
Entwined with laurels are often rays.

Love is a subject that's seldom gay;  
Still, I admit it's the best to use.

## Canada at War 20 Years Ago

By CAPT. W. W. MURRAY, M.C.  
(Copyright 1938)

TWO YEARS AGO last July the city of Valenciennes paid a signal tribute to the memory of a Canadian hero when, in a ceremony that was both brilliant and moving, the citizens of that town of northern France named one of their streets L'Avenue Hugh Cairns.

The tribute was to a young sergeant of the 46th Canadian Battalion—Hugh Cairns of Saskatoon, who won the Victoria Cross in the streets of Marly, a suburb of Valenciennes, November 1, 1918. Like so many upon whom that cherished decoration was bestowed, however, the Canadian sergeant lost his life in consequence of the action which brought him his supreme distinction.

The gesture of the citizens of Valenciennes, however, recalled that in the vicinity of this town the Canadian Corps on November 1, 1918, fought its last set-piece action of the Great War. Like those that had preceded it in the three years of the existence of the corps, the action at Valenciennes was an outstanding triumph. It was exclusively a 4th Canadian Division engagement, with the 10th and 12th infantry brigades chiefly participating. On this day, however, the Canadian artillery played a conspicuous role. The work of the gunners, invariably excellent at all times, was several degrees more so in the bitter fighting of November 1.

From the day on which the Canadians entered Cambrai, three weeks previously, the war had changed. Trench lines no longer existed. Day after day the enemy retired, and directly on his heels came the advancing Canadians. Many towns and villages had been released. Thousands of civilian inhabitants who, for four years, had lived in the thrall of the German army greeted with ecstatic joy the arrival of their liberators. The march of units through these places was a triumph; but its accompaniment was always the staccato rattle of distant machine guns, and the Canadian skirmishing screens drew back the enemy.

## ATTACK ON MOUNT HOUY

The demoralized Germans pulled themselves together long enough to make one desperate bid to stay the advance. They chose to defend Valenciennes, and they had hastily converted the slopes of Mount Houy, about two miles to the south, and the numerous slag-heaps of that neighborhood into veritable fortresses.

At 5:15 o'clock on the morning of November 1 the last big action of the war began, with the attack of the 10th Brigade on Mount Houy. It was quickly over, although bitter while it lasted. The seasoned veterans of the 10th Brigade, magnificently aided by the artillery, took Mount Houy in their stride, and fought step by step through the crowded villages south of Valenciennes. In despair the enemy threw immense masses of men into the battle, men "apparently thrust into the line by a staff which had lost its head completely and staked its last hope on numbers alone," comments one historian. The German infantry were brave; but theirs was a hopeless struggle. Their casualties were enormous.

With the 10th Brigade fighting northward to Valenciennes from Mount Houy, the 12th Brigade crossed the Scheldt Canal, to the east of the city, and cleaned the enemy out of its tortuous streets. This was a difficult task, since the place was full of inhabitants and artillery could not be used. But within three hours from the opening of the engagement, the Canadians were masters of Valenciennes and were pursuing the defeated enemy towards St. Sauve and Onnaing.

Five miles to the northeast were the twin towns of Quevechain and Queval, between which ran the Franco-Belgian frontier. Sixteen miles further on was Mons. And with Valenciennes "tucked away," the Canadian Corps set its face towards that city where, four years before, the war had begun.

## "BEAR GARDENS"

To the Editor:—Here in lovely Victoria we keep our Ursus Kermodel in a steel and cement pit out at our beautiful Beacon Hill Park. "Follow the Birds." But some day, when we like that great city, Vancouver, have arrived at that stage of super-civilization (?), when we have done away with that bear-pit, and have converted our state council chamber into a "ein barengarten," then will the very birds die of ennui, seeing we have nothing left for a laughing-stock.

## THE GREAT SCIENCE

To the Editor:—Out of a great confusion the riot and confusion of a war in which the lives of men were as naught in the maintenance of a great cause, there has grown a great science, which is devoted to the remembrance of those who gave their lives in that great confusion in fighting for that great cause. The whole nation, indeed the entire Empire may be said to hold its breath at the 11th hour of the 11th day of the 11th week and not the marshalling of every phase that speech supplies could produce a tribute as appropriate, impressive and beautiful. Primarily Armistice Day is a day of remembrance, a day of hallowed memories, a day on which the nation as a whole speaks its gratitude, and a day on which many thousands of individuals are conscious of a beautiful sorrow, a sorrow tinged with pride. On that day the streets will be bright with poppies, every such poppy is a thankoffering, a contribution which each citizen pays towards that enormous debt which we owe to those who fought and came back maimed or blinded. We can never hope to make payment in full, but we may come nearer to it if we carry into the everyday working world the ideals that have come to be associated with that simple flower, plucked in Flanders field, when the corn ripening the poppy withers and dies within an hour, but bought in a city street under the muck of a November sky and who will dare to set a limit on its life of inspiration? This is the invoice that is sent to us every November 11, on behalf of those who, during those momentous years of dire upheaval delivered the goods. There are no rules of accountancy by which we can check that invoice, nor would we employ them if there were. We accept it as it is for our honor's sake and pay, pay, pay.

WAKE UP YOUR  
LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sick and the world looks pink.  
A more honest movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills. To get those two pounds of bile flowing freely and make you feel the bile flow freely. They do the work of natural bile but have no alcohol or mercury in them. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else, too.

## "NO ONE TAKES ME FOR MY RIGHT AGE"

Like thousands of others, this woman is taking advantage of the famous re-energizing and vitalizing potentialities of PHYLLOSAN.

"I cannot speak too highly of the effects of Phyllosan tablets and what they have done for me. I am 61 years of age, yet nearly every day of the week I am busy for 15 hours a day. Many people take me for 45 and nobody for my right age." (Original can be inspected on application.)

Many persons years younger than this woman feel that they are "too old to go on"—and have given up all hope of ever winning back the vitality and bounding good spirits of their earlier days. But there are others—thousands of others—who, like this woman, have learned how to help themselves to renewed vitality and robust good spirits... the thousands who are taking advantage of the famous re-energizing potentialities of Phyllosan.

Phyllosan is the successful product of over fifteen years of research and study by one of world's outstanding physi-

cians—Professor E. Buerger, Professor of Medicine at the University of Berne. Many physicians recommend Phyllosan for all persons, no matter how advanced in years, who wish to win back the strong nerves and abundant energy necessary to enjoy life to the full.

Phyllosan (pronounced "Filt-O-San") tablets are so easy to take. Just two tiny tablets three times a day. Yet take them regularly—and they will help enrich and invigorate your blood—strengthen your nerves—build up all your reserves of vital power. The beneficial effects of Phyllosan are not temporary but lasting. Start taking PHYLLOSAN tablets today. Buy from your druggist... 85c. (\$1.50 for double quantity).

## New Record For Tourist Cars

Number Handled During 10 Months Greater Than Total for All 1937

Tourist automobile traffic through the ports of Victoria and Sidney reached an all-time record during the first 10 months of 1937, passing the total for the whole of the year 1937, it is shown in figures compiled by G. A. Yardley, Collector of Customs, and released by the Victoria and Island Publicity Bureau on Saturday.

The gain for the 10 months in foreign cars handled by the customs offices at the two ports both inward and outward bound amounted to 15 1/2 per cent over the same period of 1937, in spite of a decided drop in tourist travel during the months of September and October and a general tourist slump in other North American resort districts.

The figures are as follows, with those for the corresponding period of 1937 in brackets:

Total of all cars handled—31,907 (27,967); number of passengers in cars 86,868 (77,287); foreign cars 25,052 (21,729); foreign passengers 68,192 (60,409); Canadian cars 6,855 (6,238); Canadian passengers 18,676 (16,878).

During the whole of 1937 29,045 cars were handled by the two customs offices, of which 22,420 were from outside Canada.

The number of foreign cars entering British Columbia through Victoria and Sidney for the first 10 months of the current year was 11,844, compared with 10,407 during the whole of 1937, 6,581 in 1935 and 3,673 in 1933.

## Engineers at Many Events

President and Other Officers Spend Enjoyable Week-end

Further tribute to the great work done for Canada by Col. J. S. Dennis and Charles A. Magrath was paid at a formal dinner at the Empress Hotel Saturday night when the Victoria branch of the Engineering Institute of Canada entertained in honor of its national president, Dr. J. H. Challies, Fred Newell of Montreal, a councillor, and C. A. Magrath, secretary-treasurer of the national body.

Kenneth Moodie, chairman of the local branch, was chairman and arrangements were made by Kenneth Reid, secretary-treasurer of the Victoria group. Mr. Magrath, who will be made an honorary member of the institute at its annual meeting next February, was given long applause when he arose to speak. He said it was generally realized this country was one of magnificent resources, "but I know these resources won't be developed without the engineers. The development of this country depends on you, the builders. You have the energy and the vision."

Speaking of his old chief, Col. Dennis, who lies seriously ill in hospital and whom he saw receive the Sir John Kennedy Gold Medal for outstanding service to Canada, earlier in the day, Mr. Magrath said simply, "he is a great Canadian."

### NOW HAS STATUS

Dr. Challies briefly traced the growth of the engineering profession in Canada. He said at the time of Confederation there was only one engineering college in the country. At the present time there were 11 colleges, with an enrollment of 3,500 a year. An engineer, 35 years ago had no more status than an ordinary clerk. He had no professional qualifications.

"Now he has just as much status as the lawyer or the doctor, and is paid accordingly," he said.

He paid tribute to every Prime Minister of Canada, particularly

Sir Wilfred Laurier and Sir Robert Borden, for what they had done for the engineering profession.

J. N. Anderson proposed the toast to the profession and Councillor Newell replied.

"If we have no vision, if we have no courage, we'll get nowhere. We must be prepared to march forward," he said.

Mr. Wright also spoke a few words of thanks to the Victoria branch for its hospitality and said how beautiful he thought Victoria on his first trip to the Pacific Coast.

Following the visit to the hospital on Saturday, when only Dr. Challies and Mr. Magrath were permitted to enter Col. Dennis's room, the visitors were entertained at luncheon by the Victoria branch at the Empress Hotel while the ladies of the party had luncheon with Mrs. C. A. Magrath at her home on St. Charles Street.

Yesterday, after sightseeing drives there was tea at the Empress, following which the visitors were guests at private dinners. They will leave this evening for the east.

At a card party held in Mari-gold Hall in aid of Strawberry Vale Catholic Mission, winners were Messrs Lamb, G. Paine, J. Alexander and Fitzgerald, and Mesdames Alexander, Paterson, Rafter and Knowles.

## Early Newspapers

"Early Newspapers of the Province" was the subject of an address by Dr. Kay Lamb, provincial librarian, at a well-attended meeting of the St. John's Church Men's Guild Friday evening.

Dr. Lamb said that the three main cities in British Columbia around the year 1865 were Victoria, New Westminster and Barkerville.

Prior to 1866 there were five different newspapers in Victoria: alone. They were the Express, the Chronicle, the Post, the Gazette and the Colonist. In 1866 the Chronicle and the Colonist joined, and the other newspapers were forced to discontinue publication because of the conditions at that time.

In June, 1866, the telegraph reached Victoria, making the newspaper condition here much better.

The speaker mentioned Edward Hammond King as the organizer for the first New Westminster newspaper, the New Westminster Times which was printed in Victoria and shipped to that city.

The first newspapers in Nanaimo and the Cariboo were organized in 1865. The Nanaimo paper was called the Gazette, later becoming the Tribune, and

the Cariboo paper was called the Sentinel.

W. Hotham was in the chair.

## Women Make Drive At U.S. Polls

Many Candidates  
Seeking 'Big  
Boss' Positions

Associated Press Staff Writer

WASHINGTON (AP)—Women candidates from kitchens, law offices, schoolrooms, farms and labor unions are asking United States voters once more to let

them help run national, state and local governments.

Most of them want to help make federal and state laws. But some are out for the "big boss" jobs too. Three women are running for governor, and 49 for other state offices.

Of the 250 women who want legislative positions, 41 are after \$10,000-a-year seats in the Senate or House of Representatives.

Senator Hattie Caraway of Arkansas, first woman elected to the United States Senate by popular vote, is reasonably sure of repeating her feat. She is the Democratic nominee, and that is considered equivalent to election in her state.

Two others running for regular Senate terms are Elizabeth Gittman in Maryland and Mrs. Lillian Clements in California, both Socialists.

A fourth senatorial candidate, Miss Gladys Pyle, South Dakota Republican, seeks election for an unexpired term ending January 3, 1939. If elected, she would not serve unless there was a special session.

Thirty-seven women from 15 states, including five incumbents, aim at seats in the House of Representatives.

Women's big drives at the polls tomorrow will be for places in state legislatures. The Democratic party alone has 127 candidates, and 70 women are running for state law-making bodies on the Republican ticket. A total of 140 women were elected to such places last year.

Mr. and Mrs. G. E. Botting, Garden City, formerly of Nelson, announce the engagement of their youngest daughter, Rosemary Dorothy, to Anthony John Beswick Bailey, only son of Major and Mrs. J. B. Bailey of Crofton, V.I. The wedding will take place at the end of the month in Victoria

## SOCIAL and PERSONAL

Mr. and Mrs. E. H. Wilson, Cadboro Bay Road, have returned home from a visit to Alberta.

Miss Gloria Wilson, the Up-lands, has as her guest Miss Maureen Denbigh of Vancouver.

Mr. and Mrs. John Boyd of Montreal are visiting in Victoria and are guests at the Oak Bay Beach Hotel.

Mr. and Mrs. S. B. Butt have returned to their home on Salt Spring Island after spending a few days in Victoria.

Mr. and Mrs. Joseph McKenna (nee Walsh), arrived in Victoria at the weekend and have taken up their residence in Tudor Manor, Fairfield Road.

Commander and Mrs. R. I. Agnew arrived on Friday from Halifax and are in residence at The Angela, pending their taking up residence at the Naval Barracks.

Mrs. Macgregor Macintosh will arrive tomorrow morning from Salt Spring Island to join Capt. Macgregor Macintosh, M.P.P., at The Angela for a few days. They will attend the ball at Government House tomorrow night.

Mr. and Mrs. Cedric Walker, Kamloops, are spending a three-week holiday in the city and are visiting their respective parents, Dr. and Mrs. W. P. Walker, Blinks Road, and Mr. and Mrs. S. Ross, Oliver Street.

Mr. and Mrs. S. G. Knight have returned to their home, 619 Nelson Street, after a three weeks' vacation in California, during which they visited Mrs. Knight's sister, Mrs. Olin Moody, Covina, California, also visited in San Francisco and Los Angeles, and motored south to Mexico.

At her home on Linkless Avenue, Mrs. J. D. Laurie entertained at a luncheon party today in compliment to Mrs. Victor G. Brodeur. The other guests included Mrs. J. C. Stewart, Mrs. J. Nelson Gibson, Mrs. J. E. W. Oland, Mrs. Maurice Wood, Mrs. John Boyd (Montreal), and Mrs. G. L. Stephens.

In farewell to Mrs. R. A. Myra, who is leaving this week on a trip to Havana, Cuba, Mrs. A. B. McNeill was hostess yesterday at a breakfast party at her home on Hampshire Road. At the breakfast table, centred with shaggy orchid chrysanthemums, were: Mrs. R. A. Myra, Mrs. Ross Crane, Mrs. H. S. Howard, Mrs. A. E. Evans, Mrs. P. A. McQuade, Mrs. W. Newcombe, Mrs. W. Erickson, Mrs. T. Thompson, Mrs. G. B. Elliott, Miss E. Severs and Miss Claire Wachter.

Mr. and Mrs. Ian Paton, 1924 Forrester Street, were "at home" Saturday afternoon for the first time since their marriage. Chrysanthemums in shades of pink and gerbera in pastel tints decorated the reception rooms. Mrs. Paton, who wore her wedding gown of dusty pink georgette with a corsage bouquet of matching carnations, was assisted in receiving the guests by Miss Irene Paton. Mrs. A. H. Hartley, Mrs. R. W. Paton, Mrs. Ernest Temple, Mrs. Gordon Hunter, Miss A. L. Johnson and Miss Emily Warburton presided at the prettily arranged tea table at different times during the afternoon. Pink Buckingham chrysanthemums in a crystal bowl formed a dainty centrepiece for the table, which was covered with a Swatow grass-linen cloth with insets of file lace. Mrs. Gordon Hartley, Mrs. W. Nash, Mrs. Edward Carey, Miss Flora Hill and the Misses Louise and Olive Ormond assisted in serving the guests, who numbered about 75.

Mr. and Mrs. Ralph Nelson of Port Alberni announce the engagement of their elder daughter, Norma Ernestine, to Mr. William Herbert Mercer, elder son of Mr. and Mrs. C. H. Mercer of Haultain Street, Victoria. The wedding will take place on November 14 at First United Church, Port Alberni, Rev. A. McLean officiating.

At her home, Mrs. E. G. Gordon and her sister, Miss Doris Puckle, were joint hostesses at a small tea party at Mrs. Gordon's home on Trent Street, in honor of Miss Gladys Garesche, whose marriage will take place on Saturday. The tea table, covered with an ecru lace cloth and centred with mauve chrysanthemums, was presided over by Mrs. C. Lauder.

Mr. and Mrs. B. Drysdale entertained a number of young people Saturday evening at their home on Victoria Street, in honor of the birthday of their son Jack. The evening was enjoyably spent with dancing, singing and games, after which a sit-down supper was served. The invited guests were: The Misses Beatrice Baldoock, Dorothy Baldoock, Edith Baldoock, Muriel Purdy, Nora Martin, Marian Drysdale, Messrs. Wally Knott, Frances Caverdale, Johnnie Underwood, Ted Drysdale, Rob Thorburn, Gordon Foubister, Orvil Speed and Jack Drysdale.

Of interest in Victoria is the engagement of Aline Marjorie De Courcy, only daughter of Mr. and Mrs. L. H. Beamish of Burnaby Lake, and Mr. S. Reid of Madison of Nelson, only son of Mr. A. Madison of Quesnel and the late Mrs. Madison. Miss Beamish, who attended St. Michael's School in Vernon, is a graduate of St. Joseph's Hospital in Victoria, and a post graduate of Shriners' Hospital, Montreal, affiliated with McGill University. During the past few years she has traveled extensively on the North American continent, visiting for a time in the West Indies. The wedding will take place quietly on Wednesday, November 16, in St. Alban's Anglican Church, Burnaby Lake. Mr. Ludlow W. Beamish will be best man and Rev. N. J. Thompson will perform the service.

Commander Pullen, who is a grandson of Mrs. Colin Cummins, has been on duty in the Mediterranean for the last two and a half years with the international squadron. Mrs. Pullen and their family are at present staying with relatives in Oakville, Ont.

In honor of Miss Joan Fortt, Miss Joan Carmichael entertained at the tea hour on Saturday afternoon at Cherry Bank. She was assisted by Miss Gladwyn Beasley, who presided at the tea table, which was centred with chrysanthemums in salmon pink and a darker corresponding shade. The guests included: Miss Joan Fortt and the Misses Elizabeth Stewart, Pamela Beard, Diana and Elize Cobbett, Margot and Maureen Greer, Gloria Wilson, Maureen Denbigh (Vancouver), Gladwyn Beasley, Helen Baird, Ivy Brown, Anne Bapty, Anna Byrom, Lillian Ryan, Phyllis Parkes and Margaret Evans.

Mrs. H. D. Reid, 306 Gorge Road, who will leave shortly for Vancouver to make her home, was paid a surprise visit on Saturday evening by a number of her friends. The evening was spent with bridge, after which a buffet supper was served from a table covered with an Italian cut work cloth centred with bronze and white chrysanthemums, with Mrs. H. R. Reid Jr. and Mrs. H. Cousins presiding at the tea and coffee urns. The guests included Mr. and Mrs. C. Shubrock, Mr. and Mrs. W. Arnold, Mr. and Mrs. C. P. Miller, Mr. and Mrs. J. Bromley, Mr. and Mrs. R. Dalziel, Mr. and Mrs. H. Cousins, Mr. and Mrs. H. D. Reid Jr., Mrs. W. Reid, Mrs. L. O. Dodd, Mrs. W. Dodd, Mrs. L. O. Dodd, Mrs. M. Graham, Mrs. M. Hemen, Miss M. Morrison, Mr. Melvin Cousins, Miss Eileen Cousins and Mr. Art Humphrey. On behalf of the self-invited guests Mrs. Reid was presented with an electric toaster.

Miss Norma Hutchings, a November bride-to-be, was the guest of honor at a miscellaneous shower on Friday evening given by Miss Theresa Wragg and Miss Lillian Smith, at their home, 949 Cowichan Street. The gifts were concealed in a "Ship of Happiness" with a "tow" of additional gifts drawn into the room by little Valerie Turnbull. The guest of honor was also presented with a corsage bouquet of mauve and yellow chrysanthemums, and the decorations throughout the house and on the buffet supper table were in the same shades. During the evening games were played. The invited guests were: Mrs. J. E. Hutchings, Mrs. A. R. Turnbull, Mrs. W. D. De Gruchy, Mrs. A. Hockley, Mrs. H. Daleston, Mrs. G. F. Wragg and Misses Constance Moore, Dorothy Turner, Phyllis Baylis, Nancy and Nellie Doswell, Frances Wood, Grace and Agnes Stevenson, Valerie Turnbull, Gladys Acreman, Dorothy Holmes and Eileen Hutchings.

## Popular Couple Married At Sidney

Miss Kitty Hoare  
Is Bride of  
Eric James Butler

St. Andrew's Church, Sidney, was the scene of a pretty wedding Friday evening, when Rev. T. R. Lancaster united in marriage Kathleen Margaret ("Kitty"), third daughter of the late Mr. and Mrs. S. J. Hoare of Sidney, and Eric James, third son of Mr. and Mrs. C. H. Butler of Keating.

The church had been beautifully decorated with chrysanthemums, dahlias and autumn foliage by friends of the bride. The guest pews were marked with white ribbons and carnations. The bride was lovely as she entered the church on the arm of Mr. George Michell, who gave her in marriage. She wore a floor-length gown of ivory satin, modeled on princess lines, with a lace yoke, long sleeves and short train. Her veil of filmy silk net was gathered to a coronet of orange blossoms and seed pearls. She carried a bouquet of white carnations and pink roses.

The bridesmaids were Miss Nora Hoare, sister of the bride, and Miss Joan Thomas, dressed alike in gowns of green faille with full slightly bouffant skirts and bolero jackets, and shirred bodice of contrasting colors. They wore dolls' hats of flowers, silver slippers and carried sheaves of mauve chrysanthemums and fern.

"Little Shirley Cliff was flower girl in a dress of mauve taffeta, with hair ribbon to match, and carried a basket of chrysanthemums in pastel shades.

The groom was supported by his brother, Mr. Claude Butler, Mr. Kenneth Stanlake and Mr. Vincent Butler acted as ushers. During the signing of the register, Miss Kathleen Lowe rendered a selection of organ music.

## ARCH OF BATS

As the bridal party left the church they passed beneath an arch of softball bats, formed by the North Saanich girls' softball team, of which the bride is a member.

A reception was held at the home of the bride, the young couple being assisted in receiving the guests by Miss Rita Hoare, sister of the bride, wearing a gown of midnight blue, with black accessories and corsage of pink carnations, and Mrs. C. H. Butler, mother of the groom, in a dress of teal blue crepe, with hat to match, and corsage of gerbera in pastel shades.

A buffet supper was served. Mrs. George Michell and Mrs. M. Smith presiding. The table was decorated with pink carnations and green tapers in silver holders, and centred with the three-tier wedding cake. A toast to the bride was proposed by Mr.

George Michell and responded to by the groom.

Among the many beautiful gifts received were an electric clock from the North Saanich girls' softball team, and a cushion from the West Road Basketball Club, of which the groom is a member.

Mr. and Mrs. Butler left on the midnight boat for a honeymoon on the mainland. On their return they will reside at Keating. For going away, the bride chose a dress of green velvet, a green coat, with black fox collar and black accessories.

## Brownies Entertain At Ceremonial

The Second West Victoria Brownie Pack entertained parents and visitors on Friday afternoon at the Mowgli Hall, Michigan Street, the occasion being a "flying up ceremony" and an enrollment.

The five Brownies who had gained wings were Betty Cantell, Louise Young, Alice May Stevenson, Eileen Leckie and Jean Anders. The new Brownies were Michela Clerici, Peggy Ann Gonason and Betty Buchan.

Mrs. Alan Morikill, the provincial commissioner Girl Guides, officiated at both ceremonies. In a short talk to the Guides and Brownies she impressed upon them their own responsibility to the company or pack to which they belonged.

Later she addressed the parents on the aims and object of the Girl Guides organization, specially stressing the advantages of organized recreation and training of children. She urged parents to make special efforts to take an interest in all their children's activities, as it meant so much to them in later life.

Those assisting were a color party from the Second West Victoria Guide Company, Mrs. B. Sampson, captain, and Guides Fourth West Victoria Company, Mrs. L. Needlands, representing the local association, and Mrs. R. Robinson.

There are a few vacancies in the Brownie Pack and anyone wishing to join should get in touch with Mrs. Ashley Cooper, the Brown Owl, at E 9810.

The new Guide Company is meeting in the Mowgli Hall on Thursday afternoons from 4.30 to 6.30. Any girls from 10 years of age are eligible to join and can get all information from the captain, Miss D. Boughton, E 6739.

## MEN LOVE GIRLS WITH PEP

If you are peppy and full of fun, men will love you to dance and parties. BUT, if you are cross, listless and tired, men won't be interested. Men don't like "quiet" girls. When they go to parties they want girls along who are full of pep. For three generations one woman has told mother how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure. Why not try LYDIA E. PINKHAM'S VEGETABLE COMPOUND?

## High Honors for Judge MacGill

VANCOUVER (CP)—Judge MacGill of the Vancouver juvenile court has been notified of two honors conferred upon her. The International Juvenile Court Judges' Association, meeting in Belgium, has re-elected her to its executive and the Phi Delta Delta, the International Women Lawyers' Association, has appointed her its district representative in British Columbia, Oregon and Washington.

Judge MacGill attributes the honor paid her by the Judges' association to the circulation of her numerous pamphlets on juvenile court procedure, some of which have been translated into French and German.

## Weddings

### STRANGE—PROWSE

At St. Mary's Church, Somenos, on Saturday evening at 7, Elaine Ethel, younger daughter of Mr. and Mrs. W. H. Prowse, Somenos, became the bride of Maxwell F. Strange, son of Mr. and Mrs. J. M. Strange, Victoria. The church was prettily decorated for the occasion by girl friends of the bride. Rev. H. T. Archbold performed the ceremony, with Mr. A. Howard at the organ.

The bride was given in marriage by her father and made a pretty picture in a gown of white lace, made over white duchesse satin, white net veil with coronet of orange blossoms, and carried a bouquet of Ophelia roses and maidenhair fern.

Her two attendants, Miss Helen Strange, Victoria, the groom's sister, and Miss Grada Nightingale, Cobble Hill, wore dresses of taffeta, one in pale pink and one in pale green, fashioned with boleros, and both wore flowers in their hair and carried bouquets of chrysanthemums. John Masters, Victoria, supported the groom, and Mr. Harold Luesley, Penticton, acted as usher.

After the ceremony, a reception for immediate relatives and friends was held at the home of the bride's parents. For her going-away attire the bride chose a suit of grey tweed with black accessories. On returning from their honeymoon, the happy couple will make their home in Victoria.

### WHITLAW—BRAKES

Emmanuel Baptist Church was effectively decorated with autumn leaves and flowers for the wedding on Saturday evening of Violet, youngest daughter of Mr. and Mrs. A. Brakes, 859 Queen's Avenue, and Mr. Ronald L. Whitlaw, son of the late Mr. and Mrs. L. A. Whitlaw, Victoria. Rev. Dr. A. S. Imrie officiated in the presence of a large congregation.

Mr. Brakes gave his daughter in marriage. She was an attractive figure in her frock of white lace, cut on princess lines, and down the front, and finished with an Elizabethan collar and long pointed sleeves. Her veil was arranged beneath a halo of lace and orange blossoms, and she carried a shower bouquet of roses, lily of the valley and carnations. Attending the bride was Mrs. A. C. Smith, in a bolero frock of turquoise blue lace and a silver halo head-dress trimmed with roses and silver leaves. She carried a bouquet of snapdragons, roses and carnations in shades of pink.

Mr. Leslie Whitlaw supported his brother, and the ushers were Mr. Henry Wood and Mr. Douglas Acreman, nephew of the bride.

A reception was held later at the Macaulay Point Golf Club, which was decorated with a profusion of flowers. Pink candles and vases of roses adorned the supper table, which was centred with the wedding cake. Mrs. Brakes welcomed the guests in an ensemble of wine crepe and a corsage bouquet of cream roses.

After their honeymoon, for which the bride left in a copper-gold crepe frock, with a matching velvet hat and a muskrat coat, Mr. and Mrs. Whitlaw will take up residence in the Caldwell Apartments.

Among the gifts were a silver tea service from the Provincial Department of Agriculture, where the bride had been employed, and a silver casserole from the girls of the staff. The bridegroom received a fern-stand from the employees of the Victoria Golf Club and a cheque from the president and members of the club.

### FIRST CATHEDRAL TROOP

The weekly meeting of the First Cathedral Troop Boy Scouts was opened by duty patrol leader R. Neilson. After a period of instruction, games and drill were enjoyed. The grouch patrol was made duty patrol for the meeting following Armistice Day. Major Hunter, acting district commissioner, said that one patrol leader over the age of 15 could be sent to the conference at Tacoma from each troop. R. Neilson was selected.

The quarterly meeting of W.A. No. 65 to Typographical Union No. 201 will be held in the Sons of Canada Hall on Thursday at 2.30.

## Lovely Blooms To Be Displayed

An array of chrysanthemums, some old favorites, many new, modern varieties, will be displayed at the Empress Hotel next Saturday afternoon during the annual Chrysanthemum Tea, which has become one of the highlights of the autumn season in Victoria.

For months F. A. Saunders, head gardener at the hotel, and his assistants have been caring for these beautiful specimens, and so far only a specially favored few have had a glimpse of the new varieties.

There are more than 140 varieties of the flowers, some more than 500 pots and flus. There seem to be every color, from palest pink to deepest crimson, bronze and brilliant yellow.

One of the striking new blooms is Maria Adelaide Kayle, a spray of palest bronze, with a pink tinge; M. B. Davis is a dark bronze with a yellow centre; Mary L. Clarke is a pale pink with silver reverse, and Dr. T. W. Love crimson, with a gold reverse. H. E. Trueman is an unusual bloom. It is pure white, the petals being exceptionally large.

Among the old favorites are Empress, a sport from Edith Cavell. Empress is tile and gold. Peace, a sport from Louisa Pocket, is Inca gold. There is the Garnet King, always a beauty; J. S. Symonds, which is a clear yellow; Regina Moree and Patricia Macoun. There are many lovely small blooms in this year's display and cascade types in yellow and mauve.

The chrysanthemums of Victoria now vie in popularity with the spring flowers and each autumn many people come from the mainland to see them, ask questions of Mr. Saunders and procure cuttings for their own gardens.

## Modern Etiquette

By ROBERTA LEE

1. Should a bride sign a thank you note "Mrs. James Brown"?  
2. Is it customary for a woman who has been divorced to send out announcements of her second marriage?

3. Who pays for the bridesmaids' bouquets?  
4. Should a man who is a guest rise when his hostess comes into the room, even though his host does not rise?

5. Should the hostess keep the prize if she makes high score. What would you do if—  
You are a woman and are introduced to a clergyman—  
(a) Rise?  
(b) Remain seated?  
(c) Wait and see what the other women present do?

**Answers**  
1. No, "Mary Smith Brown."  
2. No.  
3. The father of the bride.  
4. Yes.  
5. No.

The Junior Catholic Women's League will hold their regular meeting on Tuesday evening at 8 in the home of Miss Dot Walsh, 703 Moss Street.

Members of the Second Mile Club will meet at the home of Mrs. Eberts, Harbinger Avenue, on Tuesday evening at 8, when the guest speaker will be Miss Mess.

St. Alban's Ladies' Society will meet on Tuesday in the hall at 2.30. Plans will be made for the shower and social to be held on Wednesday at 8 in the hall, in aid of the sale of work.

Daughters of England, Lodge Primrose No. 32, will hold a drill practice tomorrow afternoon at 2. The regular business meeting will be held on Friday at 8 in the Sons of England Hall, the District Deputy Mrs. A. James, will be on her official visit.

The regular meeting of the Quadra P.T.A. will be held tomorrow evening at 8, in the school auditorium, when final arrangements will be made for the annual bazaar on Wednesday, November 16. As this is to be the last meeting until February, it is hoped there will be a good attendance.

Esquimalt Chapter, Order Eastern Star, will hold their annual bazaar in St. Paul's Parish Hall, Esquimalt, on Saturday, November 12. There will be fancy work, home cooking, novelty stall, tea and coffee, and other attractions. The bazaar will be opened at 2.30 by Mrs. M. H. Austin, P.W.G.M. In the evening there will be a play and a poultry prize and raffles, commencing at 8.15. A small charge will be made.

Pro Patria W.A. met in the Eagles' Hall, Government Street, the president, Mrs. D. Muir, presided and one new member, Mrs. J. Macmillan, was welcomed. Mrs. M. MacNicol was appointed delegate to the Women's Provincial Command meeting in Vancouver November 17. Mrs. B. Ripley and Mrs. J. Hodge reported visiting returned men in hospitals and several of the members in their homes. The annual Remembrance tea will be held in Spencer's dining-room on November 8 at 2.30, contract and auction bridge and court whist will be played, tea guests will be welcome. A shower will be held at the home of Mrs. M. Cheneff, 1328 Grant Street, at 8 tonight, for articles suitable for the stalls at the indoor "garden party" to be held in the Eagles' Hall, November 15.

Princess Patricia Lodge, Daughters of St. George, held a successful bazaar in the K. of C. Hall Friday. The district deputy, Mrs. N. Muckle, officially declared the affair opened and was presented with a bouquet of bronze and white chrysanthemums by the president, Mrs. E. Campbell. Mrs. M. Wright, convener of the bazaar, presented corsages of red carnations to the president, and Mrs. C. P. Armstrong, a much-loved member who has belonged to the order for 44 years and assisted the president in welcoming the guests. Mrs. E. Duncan had charge of tea tables. Mrs. J. Miller was lady with 1,000 pockets. Mrs. E. Morrish and Mrs. J. Beadle had charge of the sewing stall. Mrs. A. Spaven, housewife, Mrs. E. Burke, superfluities; Mrs. E. Sparkes, contests; Mrs. S. Dolphin, tea and coffee. The candy stall, a pretty pagoda in red and white, was in charge of Mrs. R. Renfrew and Mrs. K. Cambrey. At 7.30 a meeting was held, three applications for membership being received. After the meeting a card game and dance were held. Mrs. E. Sparkes and Mrs. K. Herring convened the card game and Mrs. E. Morrish had charge of the dance.

The president, Mrs. Wallace Wilson, presided at the November meeting of the "Pasa-Pas" held on Friday evening at the home of Mrs. Wm. Erith, Newton and Richmond Road. The devotional period was led by Mrs. N. Camusua. Kathleen Dixon reported a substantial balance in the bank. Kay Miles asked the girls to see that the "rolling barrel" reached its destination by the next meeting. Mrs. N. Camusua reported on the Christmas cake venture. Nominations for officers for the ensuing year were taken, and the election will take place at the next meeting. At the conclusion of the business period the meeting took the form of a "shower of novelties" for the novelty and candy stall at the Calendar Tea on December 3.

## COUGHS DUE TO COLDS

Distressing cold in chest or throat, never safe to neglect, quickly ease up when soothing, warming Musterole is applied.

Better than a mustard plaster, Musterole gets action because it's NOT just a salve. It's a "counter-irritant"—stimulating, penetrating, and helpful in overcoming local congestion and pain.

Used by millions for 30 years. Recommended by many doctors and nurses. Made in Canada, in three strengths: Regular Strength, Children's (mild), and Extra Strong. Approved by Good Housekeeping Bureau. All druggists, 40¢ each.

## DOCTORS' WIVES USE SOAP THAT REMOVES GERMS AS WELL AS DIRT

Helps keep children healthy, they tell investigator

Doctors' wives are alert to the danger of germs on hands. A recent investigation among doctors' wives shows that many use Lifebuoy Health Soap for themselves and for their children. It is a well-known fact that Lifebuoy removes germs as well as dirt, and thus helps keep children healthy.

No doubt most of these women learned from their doctor-husbands that the germs of 27 or more diseases may be spread by busy, grimy little hands. What more natural, therefore, than their choice of Lifebuoy—a very sensible precaution! Every time youngsters wash with Lifebuoy they wash away many dangerous germs that

secretary of the Young Women's Christian Association, died in hospital here yesterday after an illness of a week.

Miss Hobrecker, returning home from a world conference meeting at Spokane, Wash., had been visiting "Y" branches across the west. She was taken ill while journeying here from Flin Flon, Man. An emergency operation was performed.

A funeral service will be conducted here today and the body taken by train to Halifax for interment.

Miss Hobrecker was a visitor to the Victoria Y.W.C.A. recently, when she spoke before the board of directors, to whom the news of her death came as a great shock.

## CATHEDRAL A.Y.P.A.

Christ Church Cathedral branch of the A.Y.P.A. held their regular meeting on Wednesday evening in the Memorial Hall. A brief report was given by Bill Taylor on the last local council meeting. Jean Elliott was elected to represent this branch in the debating league. After the meeting, a successful mock parliament was held. Next meeting will be parents' night and a cordial invitation is extended to all mothers and fathers of members.

You know that's no excuse for not supporting the Community Chest.

may be clinging to their hands. Mothers who understand the great menace of germs insist that their children wash their hands regularly with Lifebuoy, especially before meals.

Though popular as a health soap, Lifebuoy is famous for bath and complexion, too. More men, women and children bathe with Lifebuoy than any other bath or toilet soap. Lifebuoy contains a special purifying ingredient not present in any other popular toilet soap—that's why daily baths with Lifebuoy stop "B.O." as no ordinary soap can. Yet Lifebuoy is mild—over 20% milder by test than many leading "beauty" and "baby" soaps.

## You can't beat THIS NEW TWO WAY TREATMENT

for HEAD COLDS -GRIPPE!

Up to now Buckley's Mixture has held all records for the speedy relief of head colds, gripe etc. but now we can GUARANTEE relief in HALF THE TIME by combining Buckley's Mixture with Buckley's Cinnamonated Capsules. This NEW 2-WAY TREATMENT is rapidly replacing old-fashioned, slow-acting "one-way" remedies. The Cinnamonated Capsules relieve the headache, backache and feverishness. They contain Oil of Cinnamon which has long been used with great success in leading European clinics for the treatment of gripe and similar ailments. Buckley's Mixture, acting systemically stops the cough, soothes and heals the raw inflamed mucous membranes of throat and bronchial tract and corrects over-acidity. Try this effective combination—Buckley's Mixture and Buckley's Cinnamonated Capsules—it must give relief TWICE as fast as your money back.

The Lanvin show, while maintaining a simple and rather severe silhouette, has an accent on gayety in welcome contrast to some of the rather heavy "crisis collections" shown by other houses.

Moire is the material most frequently employed in Lanvin's collection. Skirts flare lightly. Jackets on tailor suits are somewhat longer than formerly and are equipped with patch pockets or fancy ones with intricate detail work. Collars are nearly always high for dresses and blouses.

HOW TO OVERCOME

ITCHING PILES

If you are annoyed with itching piles or rectal soreness, do not neglect the same or run the risk of an operation. Any itching, soreness or painful passage of stool, is nature's warning, and proper treatment should be secured at once. For this purpose get from MacFarlane and Vancouver Drug stores, or any druggist, a package of Hemoroid and use as directed. This formula, which is used internally, quickly relieves the itching and soreness and aids in healing the sore, tender spots. Hemoroid is a physician's prescription and is highly recommended. It is easy to use and it secures the benefit of relief for anyone to risk an operation when a simple remedy which is so pleasant to use may be had at such a reasonable cost.

## Mrs. Colebourne Not Guilty

Judge Acquits Woman After Assize Jury Verdict

Mrs. Vera Colebourne, freed Saturday night at 9:05 when an Assize Court jury found her not guilty on a charge of murdering her husband, Sidney William Colebourne, on April 1 at their 2230 Bowker Avenue bungalow, today was back with the father to whom she turned in her distress.

In a state of partial collapse she was taken to the court room upon her discharge. Over her shoulder she carried her little daughter, Hilda, from whom she had been separated during the eight months she was held in custody.

The jury was out an hour and thirty minutes before returning a verdict. In her first trial which started October 17, the jury was out three and a half hours before announcing a disagreement which necessitated the second trial.

All Saturday the 12 men selected to hear her case listened to addresses by defence counsel R. C. Lowe and crown prosecutor M. B. Jackson, K.C., and to the three-hour charge of Mr. Justice Fisher. They retired at 7:35. An hour and a half later they filed back. To a hushed courtroom they announced the verdict. Mr. Lowe asked for immediate discharge of the prisoner. Mr. Justice Fisher ordered her release. Police officers assisted the fatigued woman from the room as she sank into partial collapse.

**MAINTAINED STORY**  
Through both trials Mrs. Colebourne had sworn to her story the gun from which the fatal bullet was discharged went off accidentally as she withdrew it from her husband's pillow as he slept on a couch adjoining her bed.

In his charge Mr. Justice Fisher instructed the jury fully

## Turned Back 6 to 3 By St. Andrews in First Intercity Engagement

Playing good ball in the first half, but falling down badly in the second, Victoria United soccer eleven was defeated to the tune of 6 to 3 by a smart-working Vancouver St. Andrews club, in the opening game of the Intercity Football League at the Athletic Park Saturday afternoon. About 1,000 fans witnessed the match.

The first half of the game showed a smooth working Victoria club, especially so in the forward line. Time and again they marched down the field and wound up on the long end of a 3 to 2 score at the half.

Things became definitely disorganized in the second period, though, both in the forward line and the defence, and the club was never really a threat to the visitors.

On the other hand, St. Andrews, the oldest team in British Columbia soccer, looked good all the way. Their combination and passing was a treat to watch. They are not rated as the best in mainland circles, though, which clearly shows that something will have to be done about the local team, if Victoria is to get anywhere in league standings.

At the opening whistle, Victoria took the ball into Vancouver territory. The forward line worked it into position, handed it to Gordie Bell, smart right-winger, who slammed one at the Vancouver goal that just cleared the top. Vancouver then took over and worried the local defence a bit. Leland Morley, St. Andrews' centre-half, fired one at the local nets from way out, that goalie Tommy Restall had to take in the air.

**VANCOUVER SCORES**

The first goal came at the six-minute mark. John Webber, the Saints' centre-forward, broke through the United defence, and let go a low drive. Restall dived to it to the opposing veteran left wing, George Stephen, who fired a shot which was blocked. Stephen got hold of it again and his second attempt glanced off Cooper, right-half man, into the nets.

Victoria's first marker came at the 15-minute point. Bell placed a long lateral pass from the sidelines to Nip Sage, centre-forward, who let go a bullet-like shot at the Vancouver goal. It was too hot for goalie Geoff Gloag, and play resumed with things all tied up.

It took just two minutes from the tying goal for the Victoria forward line to go through again. Topnotch passing was seen on this one when George Payne, outside left, sent a long one to Worswick, inside-right, who dropped it to Bell. Bell returned to Worswick, Worswick placed it in position for Bell again, and Bell's kick went through.

**VICTORIA SCORE THIRD**

After five minutes of threatening play by both clubs, Victoria again sank the leather. Sage pulled this one off by breasting the ball in from a pass by Worswick.

The Saints scored at the 27-minute mark of the half to make it 3 to 2. Webber sent this one through with a slanting shot that sent Restall to his knees.

Then came the second half and Victoria's downfall. "Scotty" Stewart was sent in to replace Worswick on the forward line, and after a few minutes' play Harold Sage came on for Chuck Restall. Sage was put in at centre-forward and brother Nip dropped back to centre-half.

Vancouver tied the score on a penalty when Restall handled the ball inside the line. Tommy Ellison, inside left, sank the shot. St. Andrews then started on a big drive which was Victoria's undoing. George Greig, outside-right, went through alone for the fourth goal and the fifth was made by Don Mathison, inside-right, during a mix-up at the Victoria nets.

Webber made the final tally from a foul shot by Fred Easley, left back, from way out on the side line.

Robb refereed.

Line-ups follow:

St. Andrews—Gloag, Easley, McLatchey, Hyslop, Morley, Craig, Greig, Matheson, Webber, Ellison, Stephen, McAnich and McNeill.

Victoria United—T. Restall, B. Bell, Cook, Cooper, C. Restall, Barnes, G. Bell, Worswick, N. Sage, Morgan, Payne, Stewart and H. Sage.

## Blue Bombers Whip Calgary

Score 12 to 7 Win in Western Grid Playoff; Paul Rowe Gets Try

CALGARY (CP)—Calgary's four-year quest for the Western Interprovincial Football Union championship appeared to be doomed again this year following the 12-to-7 defeat of Bronks by Winnipeg Blue Bombers here Saturday in the first game of the two-game, total-points series.

Bronks, coached by Carl Cronin, must defeat the Manitobans by six points or more in the second contest at Winnipeg Saturday and, on the basis of the power Bombers showed in coming from behind in Calgary, such a trick seemed unlikely. But a Calgary victory by six points would be possible if Bronks could maintain for a full game the tight defence and varied attack they showed in gaining a 7 to 0 lead in the first half Saturday on a touchdown and convert by Paul Rowe, Victoria star. The Albertans scored a converted touchdown and a rouse.

After the interval the Calgary defence was shattered by coach Reg Threlfall's Bombers, who recovered a Calgary fumble and blocked two Bronks' kicks to set the stage for a pair of field goals and a converted touchdown.

**EASTERN RESULTS**

TORONTO (CP)—If ever there was a single player who could break the collective hearts of an opposing team, it is Hugh (Bummer) Stirling, 220-pound back who toils so brilliantly for Sarnia Imperials.

The home folks Saturday and Sunday at the Victoria Sports Centre, where the Victoria United soccer eleven was defeated to the tune of 6 to 3 by a smart-working Vancouver St. Andrews club, in the opening game of the Intercity Football League at the Athletic Park Saturday afternoon. About 1,000 fans witnessed the match.

Stirling's performance was the outstanding one in an afternoon of great individual feats. The program also was featured by a 23 to 2 thumping McGill handed University of Western Ontario's 10 to 1 shellacking of Queen's. These results left only Westerns with a chance to force an Intercollegiate Union playoff.

As expected, Montreal Nationals, Toronto Argonauts and Ottawa Roughriders won easily. Nationals, assured of at least a tie for the O.R.F.U. lead no matter what happens next Saturday, retained their undefeated record by whipping Peterborough Orfords 23 to 1 at Peterborough; Argos routed Montreal Cubs 58 to 13 at Toronto and Riders eased by Hamilton Tigers 23 to 9 at Ottawa.

**Young Squad Named Here for Rep Duty**

Victoria's rep rugby fifteen, chosen Saturday afternoon by the three-man selection committee for McKenzie Cup duty on November 26 against Varsity on the mainland, is comprised of speedy, young material.

A total of 17 players were selected from three of the five clubs. Seven Oak Bay Wanderers were picked, six J.B.A.A. players and four men from the Navy squad. There were no candidates from the Garrison or Scottish clubs.

Players named follows: Full-back, Jack Grogan (Oak Bay Wanderers); three-quarters, Bill Brown and Brent Murdoch (Oak Bay Wanderers); Bill Halkett (J.B.A.A.); and Henry Seban (Navy); half-backs, George Langdon (J.B.A.A.) and Harry Barber (Oak Bay Wanderers); forwards, Doug Bray, Bob Mair, Frank Doherty and "Red" Dalzell (J.B.A.A.); Ian Acland, Bill Gornall and Paddy Colthurst (Oak Bay Wanderers); "Tor" Young and "Red" Fisher (Navy); Jack Cosier (Navy) has been named reserve back.

IN BRAND NEW HOCKEY TOGS—When the New York Rangers make their season debut in the National Hockey League at Detroit on November 13, one of their new players will be Murray (Muzz) Patrick, Victoria boy, seen above. Muzz will hold down a defence berth with the New York club. He makes the third member of the Patrick clan associated with the team. His elder brother Lynn is a member of the first string forward line while father Lester is vice-president and manager of the club.

## Close Rugby Battles

Favored Bays and Wanderers Given Stiff Opposition By Navy and Army Squads

With the forwards on the ball

operating more efficiently, Coach

Bert Paterson, B.A.A. captain, said

handlers slugged out a 11 to 6

triumph over a scrappy Navy

outfit after a bruising battle at

Macedonia Park Saturday afternoon

to take command of the second

berth in the Barnard Cup race.

Oak Bay Wanderers managed

to stagger through with an 8 to 3

decision over the Garrison

fifteen to retain their leadership in

the senior battle on the lower

pitch. There was very little

classy rugby in the soldiers' game,

but they did seem to have a

peculiar knack of "getting in the

way" and breaking up opposition

attacks. Keen intermediate

hard-fought was witnessed at the

High School grounds, where

Victoria College and Canadian

Scottish were fighting. They finished

in a 6 to 6 draw. An exhibition

game at Shawnaun Lake resulted

in a 9 to 6 win for Wanderers

over the Lake school.

**BAYS IN BETTER FORM**

It was a smoother-working

James Bay crew that performed

against the sailors. There was

lots more life in the forward line.

Fumbles in the three-quarter line

were not nearly as frequent as

the week previous. Buller's boys

were at their best in the first 35

minutes and held play in the Navy

half of the field practically the

whole session. But they found

the navalmen dug in and resisted

the raiding opposition time and

again. Only once did the Bays

succeed in cutting their way

through. This was after five

minutes, Buzz Brown taking the

ball over the line at his feet

after Freddy Smith had been

nailed. The attempted conversion

was wild and the score stood, 3 to

0 for James Bay at the interval.

Late in the opening session

Smith, star wing man of the

blue-shirted Bays, was taken out

of play with an injured eye. For

the rest of the game, Buller's

team played short one man. The

loss of Smith was a weakening

factor, but the eventual winners

more than held their own against

the heavier and "hit-em-hard"

naval brigade. Aggressive Cyril

## Cameron and Liberals Draw

Intermediate Soccer Game Ends in 3 to 3 Deadlock; Other Results

After trailing Camerons at the short end of a 3 to 1 score in the first half, Young Liberals came back strong in the closing 45 minutes to hammer in a pair of goals and give this Beacon Hill Park Intermediate Football League match a 3 to 3 finish on Saturday afternoon.

Camerons fired in the first goal after 14 minutes of play, with Bezzano, formerly of Vancouver, doing the booting, and three minutes later Booth made it 2 to 0 for the millhands. Tutill placed the Liberals on the scoreboard at the 35-minute mark, but minutes before the breather Booth again came through with a marker to give Camerons a 3 to 1 lead at the half.

Attacking strongly as the second half got underway, Liberals cut their opponents' margin to one goal on Ralph Cosier's marker and 15 minutes later Politano, aggressive forward tied the count. Camerons were pressing dangerously at the close but the score was still unchanged at the closing whistle.

**OTHER GAMES**

A Merchant's League game at Central Park saw Mount Tormie and Navy squads engage in a fast, clean game, with the Tormies coming out with a 4 to 2 victory. The Navy goalie was the star of the game. He stopped many hard drives at his net by the pressing mountaineers. A. E. Coles refereed.

Another game in this division saw Young Conservatives score a decisive 7 to 1 victory over Admirals eleven at Victoria High School. The game was good despite the uneven score. The Admirals found it almost impossible to crash through the Conservative defence. Ernie Bray refereed.

**Clancy—Referee**

MONTREAL—Frank (King) Clancy turned up in a new role last night—a National Hockey League referee.

A dynamic king, an aggressive figure for many a year with Ottawa Senators and Toronto Maple Leafs in the N.H.L., appeared as linesman in the league's season opener here, a clash between Canadiens and Chicago Black Hawks. He teamed with A. G. Smith, who was head referee.

It's great to do your bit by filling the chest.

## Dominoes Are Beaten Again

Local Basketballers Drop 27 to 25 Decision To Vancouver Stacys

Blond-thatched Ken Lawn, a slender chap with a deadly shot from the corners, led a fighting Vancouver Stacys to a 27 to 25 victory over the Dominoes in the exhibition basketball game at the High School gym on Saturday night.

Comparatively midgets along side the big local squad, Stacys held command of the play all evening. They uncorked some beautiful passing, a world of speed and as nice a system of blocks seen here for some time. Although the Dominoes had all the edge in the world on height, they were unable to match the drive of the visitors.

On the defence, Stacys more than held their own, as evidenced by the fact the Dominoes did not score a field basket until after 18 minutes of play had elapsed. In fairness to the Victoria team it must be said they had one of their off nights. Not a single member of the club had his shooting eye in, and veterans and rookies alike were throwing passes as wild as a March hare.

In only one quarter, the third, did the Dominoes outscore their opponents, dropping through 10 points to 5 for the visitors.

**WILD GAME**

The game itself was a wild affair. Stacys were in there fighting from the drop of the hat. They asked nothing and battled for every point. As a result, the referees were kept busy, and at that they missed plenty. A total of 22 personal fouls were called, with three technicals thrown in.

Lawn got Stacys off to a flying start with a 10 point first quarter. Beautiful shots in the first five minutes for eight points. Stacys were up 12 to 5 at the end of the quarter. In the second quarter each club added five points.

In the third quarter the Dominoes made their greatest bid for victory, outscoring the invaders 10 to 5. Although Stacys lost Pugsley and Growski on personal fouls they kept out in front, Lawn dropping through a basket in the dying seconds to make the score 22 to 20.

Art Chapman tied it up as the final quarter got under way, but Jackie Muir added a basket and free throw to put Stacys on top again and they stayed there for the remainder of the evening.

Lawn topped the scorers for Stacys with 10 points while Art Chapman headed the locals with 9. Stacys had 14 fouls called against them and the Dominoes 8.

In the preliminary, Cayes defeated the Pirates 38 to 17 in the intermediate A boys' division. Bill Levy and Buck Kennett, Duncan, were the referees. Teams and scores follow: Stacys—Growski 6, Lawn 10, Naples 1, Pugsley 1, Cavalin, Smith 4, Muir 3, Hudson 2, and Haugh.

Dominoes—C. Chapman 1, Rowe 8, A. Chapman 9, Taylor 4, Jackson, Davies 2, Webster 1, Mylrea, and Mottishaw.

Cayes—Fair 6, Beere 3, James 2, Davies 2, Morrison 1, Cosier 8, Cummins 6, Inglis.

Pirates—Miles 6, E. Berry 3, C. Berry, D. Howell, C. Howell 5, Westwood 3, and Acres.

**HOCKEY SPECTATOR DIES**

MONTREAL (CP)—Alderman J. Allan Bray, 54, former Liberal member of the Quebec Legislative Assembly for Montreal St. Henri, dropped dead in a smoking room at the Forum last night between periods of a Montreal-Chicago National Hockey League game, apparently from a heart attack.

## Soccer Games For Week-end

Two Price Cup Matches On Friday; Intermediates Play Seniors Saturday

First division soccer matches for the week-end were announced today. On Friday, Armistice Day, opening games in the Freddy Price Memorial Cup series will be staged.

Esquimalt and Navy, of the Wednesday League, will meet at the Athletic Park, with Bill Cull as referee, and Saanich Thistles will oppose Victoria West at Heywood Avenue, with D. Swan as referee. Kick-offs are set for 2.45. Victoria City and Garrison drew byes.

On Saturday an all-star team from the Intermediate League will oppose a second rep squad from the Victoria and District League in a Milton Cup match at the Athletic Park. Victoria United will be in Vancouver for an intercity match. The intermediates and Saturday leaguers will play several matches during the season.

The Intermediate League will hold a meeting tomorrow night at 8 in the Colonist board-room to select their representative club.

## Fish-game Meeting

The annual general meeting of the Victoria Fish and Game Protective Association will be held Tuesday evening, November 15, at 8 in the Chamber of Commerce.

Plans for the Christmas game, banquet and other matters of direct importance to all members and sportsmen will be discussed.

All members are urged to bring along a friend. It is the aim of the association to build up a membership in the coming year that will be a fairly good representation of the Victoria hunting and fishing fraternities.

## Cage Games for Esquimalt Gym

Basketball games will be staged by the Esquimalt Athletic Association in their gym tonight and Thursday evening. The draw follows:

**Tonight**  
7.15—West Road intermediates vs. Esquimalt.  
8.15—West Road seniors vs. Esquimalt.

**Thursday**  
7.15—Esquimalt Midgets vs. Esquimalt.  
8.15—Esquimalt Midgets vs. St. Louis College.  
9.15—Elder Logging Company vs. Esquimalt seniors.

## Gordie Drillon

Has Broken Thumb

TORONTO—Gordie Drillon, star right-winger with Toronto Maple Leafs and the National Hockey League's scoring champion last season, will be out of the game for a month because of a broken right thumb suffered in Saturday's game here against Chicago Hawks.

Manager Connie Smythe of the Leafs announced today X-ray pictures revealed the break. BOURNEMOUTH, Eng.—W. Pickford, 74, president of the English Football Association for the last year, died Saturday. He had given 50 years of executive service to organized soccer.

## CHICAGO-CANADIENS

First period—1. Canadiens, Haynes (Siebert, Blake), 7.40. Penalties: Mackenzie, Levinsky, Cain.

Second period—2. Chicago, Desilets (Dahlstrom, Gottselig), 6.30; 3. Canadiens, Blake (Gagnon, Haynes), 10.00. Penalties: March, Levinsky.

## CALDER WILL HANDLE SHORE

N.H.L. President  
Takes Up Case of Holdout  
Boston Hockey Star

DETROIT — Frank Calder, president of the National Hockey League, said last night he would take up the case of Eddie Shore, holdout star of Boston Bruins, when he returns to his office at Montreal today.

Earlier in the day Art Ross, manager of the Boston club, declared Shore, one of the game's greatest stars and most valuable player in the league a year ago, was probably through with big league hockey forever because of his holdout siege.

"Shore failed to play with us at Toronto Thursday night and he did not come to Detroit so I would guess that he is suspended," Ross said.

"We offered Eddie everything within reason and when he would not accept terms we turned the whole matter over to Calder. So far as I am concerned, negotiations are through. If President Calder and Eddie can get together, it is O.K. with me."

## CLOSE RUGBY BATTLES

(Continued from Page 9)

Doheny was moved out of the scrum to patrol the wing.

Play in the last half was a little more even. There were sporadic displays of good rugby on the part of the Navy backfield in this session. But these flashes of good form were short-lived and consequently failed to produce much-needed points.

Before 12 minutes of the second stanza had gone, Frank Doheny, who played a brilliant game in the forward line throughout the game, went over twice for tries and Buzz Brown converted one to complete the James Bay score. The score at this time stood 11 to 0.

Renewed energy was noticed in Navy attack during the following stanza. The scoring column at the 25-minute mark was: James Bay, 11; Navy, 0.

With nobody to stop him, sprinted over the line for a try. Fullback Jack Ferguson was caught out of position and could not halt the play. Sailors continued their aggressiveness during the next few minutes and it was not long before they added three more points to their score. "Tor" Young, 200-pounder crashed over following a short line-out near the Bays' line. Cosier missed the conversion.

K. W. Symons refereed. Teams follow: James Bay—Ferguson, Bridge, Halkett, Smith, Lucas, Langdon, Brown, Mair, Petticrew, Bray, Andrews, F. Doheny, Simpson, Dalzell and C. Doheny.

Navy—Mylrea, Stirling, Seiban,

Sweet, McDonald, Smith, Cosier, Manfield, Fisher, Bantfield, Rutherford, Young, Fears, Sealey and Lowe.

## WANDERERS WIN

Oak Bay Wanderers had to fight like Trojans for every inch of ground they gained against the Garrison warriors. The soldiers played a spilling game and the Barnard Cup leaders played right in their hands every time. This game attracted the bulk of spectators.

It was quite an exciting game, with the Wanderers forcing the issue most of the game, but unable to blast many holes in the Army defence. The Oak Bay lads took a 5 to 0 lead in the first half and both teams gained three points in the final 35 minutes.

Paddy Colhurst and Campbell Forbes, two aggressive forwards, worked the play that gave the Wanderers their first points. Colhurst passed on the Forbes who plunged 15 yards to go over near the posts. Jack Grogan, fullback, converted. The close fight continued in the last half with both teams garnering three-pointers. Bill Brown went over to complete a Wanderer backfield run and Featherstone booted a "gratis" kick between the uprigths to account for the Garrison's points. Ken Buxton was the outstanding player on the army squad.

E. J. Symonds, refereed.

Teams follow: Oak Bay Wanderers—Grogan, Brown, B. Murdoch, Carney, G. Murdoch, Barber, Anderson, Forbes, Colhurst, Gornall, Dossell, Stephens, Ley, Acland and Guelph.

## Young People In Conference

Lower Island  
Y.P. Congress at  
Metropolitan Church

Evangelization and emancipation are inseparable, Rev. Hugh A. McLeod, M.A., of First United Church, told 225 United Young People's representatives yesterday afternoon, in an address to the Lower Island Young People's United Executive Officers' Congress at the Metropolitan Church.

"If Canada is to remain free and democratic, we must be evangelized," he declared.

The two-day conference was brought to a close with the presentation of the Thomas Crosby Challenge Shield to the Esquimalt Naval and Military Young People's Society. This shield, previously held by the Belmont Society, was presented by Rev. F. R. Dredge of the Oak Bay United Church.

Dr. J. K. Unsworth spoke briefly on behalf of the West Coast Missions. The Young People's Council was asked to consider giving financial, moral, material and spiritual aid to these missions.

The 100,000 members of the National United Young People's Union must be mobilized into a solid Christian front, said Mun Hope, presiding chairman of the congress and president of the Lower United Y.P. Presbytery Council. As the conference adjourned, he urged that the delegates endeavor to complete the work that it has just begun.

**WORLD STUDENTS' CONFERENCE**  
World brotherhood, Christian Unity, and international co-operation were advocated by Robert Tillman, president of the Students' Christian Movement, and the representative of the University of British Columbia at the Christian Youth Congress held recently in Paris. He spoke at the congress banquet on Saturday night and was introduced by Professor E. S. Farr of Victoria College.

Among those introduced at the banquet were Rev. J. E. Bell, Rev. Bryce H. Wallace, chairman of the Victoria presbytery of the United Church of Canada, and Rev. William Allan.

Presidents at the congress include: Alvaretta McNutt, Wilkeson Road; Ethel Fitchett, Victoria West; Roy Hundleby, Belmont; Molly Kennedy, Oak Bay Y.P.A.; Eleanor Lancelotti, James Bay; Lorna Benson, Fairfield; Robert Clark, St. Aldens; Josephine Wong, Chinese; Leonard Cannon, Metropolitan; Jim

McCague, Centennial; Ruby Wallace, Esquimalt, and Mary Lou-don, First Church. Greetings from Duncan, Shawnigan and Ladysmith branches were also brought.

Committees for the congress follow:  
Music appreciation—Ruth Morgan, Josephine Wong, Stephen Bailey, Cecil Davis, Edna Burgess and Amy Anderson.

Registration—Evelyn Wright, council secretary.

Finance—William Allan.

Organization—Mun Hope.

Worship and personal religious living—Hope Large, Rev. C. D. Clarke and Margaret McLeod.

Service and citizenship—Wm. Allan and Rev. Bryce Wallace.

Cultural and drama festival—Grace Jones, Mun Hope and Ethel Fitchett.

Recreational and fellowship—Molly Kennedy and Rev. F. Dredge.

Welcoming committee—L. Cannon and Hope Large.

Banquet—George Davis and Mrs. Davis.

**COMMUNITY DRAMA**  
A resolution was passed commending the provincial government for its active encouragement of community drama through its adult education branch of the Department of Education.

Misleading advertisements, questionable magazines and radio broadcasts were discussed. The

congress recommended a change in mental attitude to combat broadcasts similar to the fictitious presentation of the Martian invasion.

Certain newspapers, including the Victoria Times, which prohibit liquor advertisements, were praised for their stand. At the same time, a strong representation to the Attorney-General will be made to discourage the advertising of liquor.

Other resolutions urging a young people's drama festival to be held next spring and advocating more public speaking contests were endorsed.

In this connection, specific reference was made to the generosity of the Metropolitan Church board in donating a trophy to the Metropolitan Society for Oratory.

More industrial tours and mystery educational trips were suggested.

**RECREATION**  
The congress thought that more intersociety visits should be promoted and greater use be made of holidays to promote joint outings.

In the matter of citizenship, it was recommended that an impartial study be made of the political platforms of the Conservative, Liberal, C.C.F., Social Credit and other parties, through the medium of a presbytery paper.

It was decided to ask the co-operation of all local and provincial politicians in this regard.

A similar study, instituted by the National Union several years ago, was particularly well received in Toronto and Ontario.

Other resolutions urged that Christian education be made more effective through more effective public speaking, that careful study be made into the potentialities of genuine worship, and that another similar congress be called shortly by the Lower Island United Young People's Council.

**Westerns' Munros Win Cage Battles**  
VANCOUVER—Vancouver Westerns, Canadian basketball champions, registered their first victory of the 1938-39 season Saturday night, downing University of British Columbia, 32 to 26.

Munros squeezed out a 27 to 24 win over Tooles in the other end of the double-bill card.

Westerns led 14 to 7 at the end of the first quarter, but had only a two-point margin, 19 to 17, at the half. A third-quarter rally put them on the long end of a 27 to 19 count at the end of the third and the Thunderbirds failed to overcome the lead.

Art Willoughby led the Canadian champs to victory with 15 points, while Rann Mathison had 10 for Varsity.

## NICKEL ALLOYS ARE STRONG, TOUGH, DURABLE

A GIANT BUCKET bites into the ground. A slim axle shoulders tons of earth. A slender derrick tosses steel and stone aloft. A whirling mixer vomits concrete. Under terrific stresses, strains, shocks and abrasion this equipment stands up, for its vital parts are made of Nickel Alloys. Wear and breakage played havoc with construction schedules not so many years ago. To make parts stronger they had to be made heavier.

Then came the age of Alloys, with Canadian Nickel as the chief alloying element. Today

engineers measure in advance the strain each part must bear. They specify in advance those Nickel Alloys they know will stand up under the particular conditions. Equipment is lighter and more compact because of the unusual strength of Nickel Alloys, and their increased resistance to wear and corrosion.

And because Nickel Alloys perform better longer, the demand for Nickel in peaceful industry continues to grow. Every Canadian share in the wealth the Nickel industry brings to Canada.

## Chest Drive Extended

With \$12,000 More Needed to Reach \$89,297 Objective, Campaign Will Go on Until Thursday

The second annual campaign of the Community Chest of Greater Victoria, originally scheduled to have closed tonight, will be continued until Thursday.

The decision was reached at noon today by the campaign executive following a meeting at which a careful analysis was made of receipts and pledges to date.

It was estimated that the campaign will tonight be still \$12,000 short of its \$89,297 objective.

A special appeal will be made to persons not yet canvassed, and those who have been canvassed and have declined to contribute will be asked to reconsider their decision. The campaign committee will also make an appeal to persons who have already given to the Chest and who might wish to increase their donations.

The Community Chest rolls the financing of 24 welfare organizations into a single campaign, eliminating multiple appeals to the public and assuring that a far greater proportion of each dollar given goes to the actual work for which it is intended.

The member associations are the Children's Aid Society, Women's Workroom, Sunshine Inn,

Boy Scouts' Association, John Howard Society, Sunshine Camp, Central Exchange, Sea Cadets, Red Cross Workshop, Saanich Welfare Association, Red Cross Society, St. John Ambulance Association, Columbia Coast Medical Mission, Young Women's Christian Association, Oak Bay Friendly Help Association, Auxiliary, St. Joseph's Hospital, St. Vincent de Paul Society, Victorian Order of Nurses, Young Men's Christian Association, Canadian National Institute for the Blind, Auxiliary, St. Vincent de Paul, Esquimalt Friendly Help Association, Citizens' Recreation Rooms and Friendly Help Welfare Association.

By order today the provincial government established a provincial park on the foreshore at Crescent Beach, Boundary Bay. The new park area comprises about 220 acres.

Rey A. Sargent of North Vancouver, was appointed a stipendiary magistrate by government order today. Dr. R. H. Irish, Fraser Lake, was appointed a coroner.

A meeting of the city health committee to give further consideration to the proposal for establishing a city dispensary to meet the medicinal needs of indigent cases, is scheduled tomorrow afternoon at 3.30.

The Vancouver Island Beekeepers' Association will meet tomorrow evening at 8, in Room 6 of the Memorial Hall. As this is the first meeting of the association in three months, a large turn-out is requested. Winter activities will be discussed.

Assize Court trial of Christine Harrison, charged with fraudulent conversion of part of a cheque written by F. Clifford Adams and payable in part to G. H. O'Halloran, was adjourned today, pending arrival of a crown witness.

Sweden's Prose Writers' will be the subject of a lecture by Professor P. A. Boving of the Department of Literature at the University of British Columbia. The lecture will be held tonight at 8.15 in the Central Junior High School, under the auspices of the University Extension Association. The scheduled date of this lecture has been advanced one week to avoid clashing with the Don Cosacks' concert.

## TOWN TOPICS

## Maitland Wants Road Expenses

Leader of Opposition Wants to See April, May and June, 1937, Accounts

R. L. Maitland, K.C., leader of the Opposition, this morning in public accounts committee of the Legislature asked for government expenditure on roads during April, May and June of 1937 and expenditures for supplies to forestry and relief camps during the same period. The last provincial election was June 11, 1937.

Mr. Maitland last year asked for the same accounts, but was unable to procure them because public accounts for 1937 would not be closed until the end of March this year.

E. T. Kenney, Liberal, Skeena, is chairman of the public accounts committee. Thomas King, Liberal, Columbia, is secretary.

Other members of this committee are R. R. Burns, Frank Putnam, C. R. Bull, C. H. P. Tupper, C. S. Leary, Robert Carson, David Strachan, Harry Johnston, Louis LeBourdais, W. T. Straith, R. W. Bruhn, Lyle Telford, H. E. Winch and Herbert Ansbom.

The mining committee met this morning for organization under the chairmanship of E. C. Heninger, Liberal, Grand Forks-Greenwood, with Mark Connelly, Liberal, Omineca, secretary. Also on this committee are R. R. Burns, Frank Putnam, Louis LeBourdais, E. T. Kenney, Harry Johnston, C. S. Leary, George Murray, Thomas Uphill, R. W. Bruhn, Samuel Guthrie, Colin Cameron, J. A. Paton and E. V. Finland.

## Beer and Wine Act Declined

The difficulty of regulating the sale of alcoholic beverages in small restaurants, was given by members of the Legislature as one of the chief reasons for their opposition to legalizing the sale of beer and wine with meals in British Columbia.

The proposal fostered by leading hotels and restaurant owners has been the subject of much corridor discussion this session, but has not been formally discussed by the Liberal caucus, it was learned today.

The government, however, announces it has no intention of opening the Liquor Act this session, which is taken to indicate there is small chance of the plan going ahead.

Members of the Liberal caucus, while stating they are favorable to moderating the present liquor laws, say the problem of regulation is a serious one. That is their chief reason for opposing any change. On the question of dealing with minors, for instance, they point out that beer parlors at present are under strict supervision against serving anyone under 21 years of age. No minor is even permitted in a beer parlor. But they could not be barred from going into restaurants.

Thus, it would be almost impossible to check serving of beer to minors if sale were legalized in all eating places, they say.

The Moderation League, on the other hand, attacks the beer parlor system, and is urging that the question of rationalizing the liquor laws be opened by granting a plebiscite, which will bring the whole issue into the open and allow the public to express an opinion.

## Deplores Delay on Health Insurance

Sam Guthrie, C.C.F., Cowichan-Newton, moved today in the Legislature an amendment to the Speech From the Throne regretting the government's failure to put into operation the Health Insurance Act, passed at the last session of the Legislature.

He pointed out that a plebiscite of the people of British Columbia, in June, 1937, had shown them in favor of health insurance and it should now be in force, he claimed.

## THIRTY DAYS FOR POSSESSING GUN

When he pleaded guilty in the City Police Court this morning to a charge of being in possession of an unregistered revolver, Gunnar George Christensen was sentenced to 30 days' imprisonment.

Harry James Turner, Kamloops, was sentenced to 15 days when convicted on a vagrancy charge.

The two men were registered as Clements and Summers at a local boarding house and when their room was searched by Detectives F. Woodburn and W. Stark, a Colt .32 calibre automatic was found in a drawer, with five shells in the magazine.

## OBITUARIES

McDONALD — Funeral services for Miss Minnie Gertrude McDonald took place Saturday afternoon in Sands Mortuary, Rev. Canon Pearce officiating. Pallbearers were: J. E. Sladen, L. Thomson, W. Ballantyne, A. E. Chubb, L. W. Goddard and T. W. Walker. The remains were cremated at Royal Oak Crematorium.

**Says Problem of World Religious Character-building Need Realized, National Y.M.C.A. Secretary Says**

"The fundamental problem of the world today is religious," said R. S. Hosking, Toronto, National Council secretary of the Y.M.C.A. in Canada, on his arrival in Victoria this morning.

Mr. Hosking is on a Dominion-wide tour of young men's conferences. He was main speaker at a conference held in Vancouver over the week-end.

"More and more, we are realizing that there is a place for religion," he continued, "and a need for character building in all classes." The Y.M.C.A. offered just that.

There were new fields opening in Y.M.C.A. work. Both membership and financial support was increasing, and an all-around growing enthusiasm in "Y" activities, had been noted.

In speaking about new fields in Y.M.C.A. work, Mr. Hosking said that the organization was not only taking in boys' and men's work, but was fast increasing its membership and activities in girls' and women's work. Nine per cent of the world membership of the Y.M.C.A. was of the female sex.

Mr. Hosking is continuing an active series of lectures in Victoria. He spoke at a luncheon meeting at the "Y" board of directors today, was in conference with the local staff, and was guest at a tea held by the Y.W.C.A. this afternoon. Following the tea, he spoke on the subject, "Some Aspects of Juvenile Delinquency and Its Treatment."

This evening, Mr. Hosking will be guest at a dinner of the boys' work leaders, under the chairmanship of Viv Shoemaker, boys' work secretary of the local "Y." Tomorrow he will address a luncheon meeting of the Victoria Kiwanis Club, before leaving for eastern points.

With Mr. Hosking, on his tour, is W. R. Cook, secretary of the Young Men's National Council, of the Y.M.C.A. Mr. Cook is also of Toronto.

## Beulah Will Be Auctioned Here

Motorship Ordered  
Sold to Meet  
Salvage Judgment

VANCOUVER—Sale of Ms. Beulah was ordered in Admiralty Court Saturday by Chief Justice Archer Martin at the suit of Pacific Salvage Co. Ltd., North Vancouver, which recovered judgment against the vessel in the sum of \$15,000 for salvage service rendered in connection with the raising of the Beulah after she sank at the Ogden Point Pier, Victoria, on December 27, last.

The sale, His Lordship directed, will be held either in Vancouver or Victoria by the marshal of the court.

The motorship Beulah, since her salvage at Ogden Point, has been moored at the wharf of the Island Tug and Barge Company in the Inner Harbor.

## Would Extend Jurisdiction

Canadian and U.S.  
Experts Urge Present  
Limits Be Enlarged

PORTLAND, Ore. (AP)—Fisheries representatives of two countries and two states recommended extension of jurisdiction in the Pacific beyond existing limits.

Delegates from the United States Bureau of Fisheries, the Canadian Department of Fisheries and the fish commissions of Oregon and Washington and from British Columbia agreed that the present limits of jurisdiction should be enlarged.

The delegates agreed that the present limits of jurisdiction should be enlarged to conserve a great international resource as represented by the offshore fisheries.

ONLY WRECKAGE REMAINS—Carried out of her course by a squall this morning when heading out of the Inner Harbor from Point Ellice, Canadian National barge No. 109, towed by the company's tug No. 1, crashed into a fishing boat owned by George Sorensen at the Yates Wharf, foot of Yates Street, and sank it. The wharf also was damaged. Top picture shows the wreckage of the Sorensen boat immediately after the accident. At left, Conrad Petersen, fisherman, holds "Tex," the only living thing aboard the fishing boat at the time of the crash. "Tex" was rescued, none the worse for his experience, but decidedly wet.

## Wheat

WINNIPEG (CP)—General lack of interest and lower overseas markets were chief factors in causing Winnipeg wheat futures to ease fractionally today. At the end of the drab session prices were 1/2 to 3/4 cent lower, November 56 1/2, December 56 1/2, May 60 to 60 1/4 and July 60 1/4.

Continued poor Canadian wheat export sales proved a weighty influence. Routine operations accounted for most of the small business though minor covering was reported on late Chicago firmness.

Liverpool sagged 1/4 to 1/2, with light sales prompted by favorable United States winter wheat moisture reports. Buenos Aires was 1/2 to 3/4 cent off near the close.

World wheat shipments last week dipped 3,500,000 bushels to 11,288,000, including 6,193,000 bushels of North American wheat. Western Canadian marketings continued to decline. Saturday's deliveries were 614,000 bushels, compared with 519,000 a year ago.

## Many Gains Posted

NEW YORK (AP)—Early buying in aircrafts spread to steels, motors and other pivotal stocks in today's market, pushing a number to new highs for the move, with gains of fractions to 3 points generally. There were a few upturns of 5 and 6.

Further brightening of the business horizon, brokers said more than offset potential market repercussions from tomorrow's elections.

Rearmament thinking was again to the fore in the matter of the aviation, and these exhibited outstanding strength at the start. Optimism enveloped speculative quarters when the American Iron and Steel Institute, around midday, estimated this week's steel mill production up 42 points at 61 per cent of capacity, a peak since October 11, last year.

NEW YORK (AP)—Approach of elections tomorrow kept most of the bond market in a narrow groove today.

Interest in New York transactions was spurred by conviction a state constitutional amendment will be approved pending unification of the city's transit facilities.

Japan 5 1/2's lost nearly 2 while Poland 6s added more than a point.

Nicola headed base metal trading, but dipped a fraction at 4 1/2. Bend Oreille finished at 2.12, 15 cents higher than Saturday's closing bid, and Silbak Premier firmed 8 at 1.90, over the previous bid close. Grandview gained 1 1/2 at 2 1/4, and Lucky Jim was up 1/4 at 2 1/2.

### OUR BOARDING HOUSE, with Major Hoople

### OUT OUR WAY—

### Wild Mice and House Mice

Besides the common house mouse, there are several kinds of "wild mice." Wild mice, of one kind or another, are found on every continent, almost in every section of every continent.

Field mice are noted for the nests they build. They are little nests made of woven grass and leaves, and sometimes are fastened to stems of growing wheat.

If they are present in large number, field mice do heavy damage to grain-crops. Their number is kept down by snakes, owls and hawks.

Most kinds of mice have grey fur, but the jumping deer mouse is fawn-colored. This little animal is about four inches long, not counting the tail. It is noted for its long leaps, which often cover a distance of from eight to 12 feet.

Deer mice spend most of their time in woodlands. They rest during the day, and go about at night looking for berries and nuts. At the beginning of winter they go to their nests, which usually are under logs or in holes in the ground, and spend a few months there.

House mice seem to have had their first home in central Asia, but they have spread all over the earth. In a general way, we may say that these gnawing animals are to be found in every region where people live.

Although they may not be so dangerous as rats, mice play a part in spreading disease. They also destroy food. The best way to keep a house free of them is to take away their food supply. If all food is kept in the refrigerator under tight, strong metal or wooden covers, mice will look for another boarding house.

Some mice can "sing." It is not the common "squeaking," but music of a sort. With thin, high notes, they give a song fairly pleasing to the ears of a human being. Their singing has been compared to that of "a weak-voiced canary bird."

Japanese "waltzing mice" have won a bit of fame. They whirl around and around, and act as if they were chasing their tails. This is not due to training, but to something wrong with inside of the ears. Because of that trouble with the ears, the waltzing mouse does not have a good sense of balance, and this causes it to spin around.

Mice are pests, but they have done some good in the world. Scientists have raised mice for the special purpose of using them in tests. One kind of test has been to find what happens to them when they eat, or do not eat, certain foods. The facts gained have helped to add to our knowledge of vitamins. Since vitamins are important to the health of human beings, we may say mice have played a part in man's war against disease. The mouse around the house, however, is a danger, not a help.

### HOROSCOPE

Tuesday, November 8, 1938

Adverse planetary aspects dominate today, according to astrology. Under this configuration there may be an inclination to take a pessimistic view of life.

With prosperity for the few in centres of population there will be increased cost of living for the many. Thrift long recommended by astrologers must be practiced through the winter.

Girls will set new standards of attainment in various co-educational institutions as they prepare for professional careers. Honors for a teacher are to be international in recognition.

Prejudices of all sorts should be vigorously fought by men and women. There will be appeals to unreason in increasing floods of propaganda.

Economic problems will be widespread in the nations of the world through the winter. Food will be scarce in European countries as well as in China and Japan.

Persons whose birthdate it is have the augury of a year of upheaval and readjustment. Both men and women probably will be affected by business uncertainties, but they will have helpful friends.

Children born on this day may be practical in their viewpoints, industrious and well balanced. Many of these subjects of Scorpio have philanthropic leanings.

### SIDE GLANCES By George Clark

### Dorothy Dix's Letter Box

DEAR MISS DIX—What do you think of joining the matrimonial bureaus or clubs looking for friendship or matrimony? Also, what is your opinion of answering blind advs. of individuals who want to marry? Do you think these offer a proper way to get acquainted with one of the opposite sex? Do you think that it is a reliable way of coming in contact with individuals of good standing and character?

Answer:—Don't you ever read the newspapers, A. B. C.? If you do you must recall that every now and then there is a story about a woman who represents herself as a good-looking widow with a nice home, who advertises for a husband with a little money and who murders the poor suckers who rise to this bait. There was one such case in which the bodies of seven men were found buried in a cellar of the woman's house.

Or you may read of men who have advertised for wives and who have sometimes married 30 or 40 girls whom they rob of their savings and either desert or kill. So it seems to me that any man or woman who has a good-looking face and a nice home, who advertises for a husband or wife, is a fool. Systems would be leery of answering any advertisement of an individual who was seeking a mate in that way. Possibly there may be decent and honest men and women who advertise for husbands and wives, but the chances are too great against it to risk it.

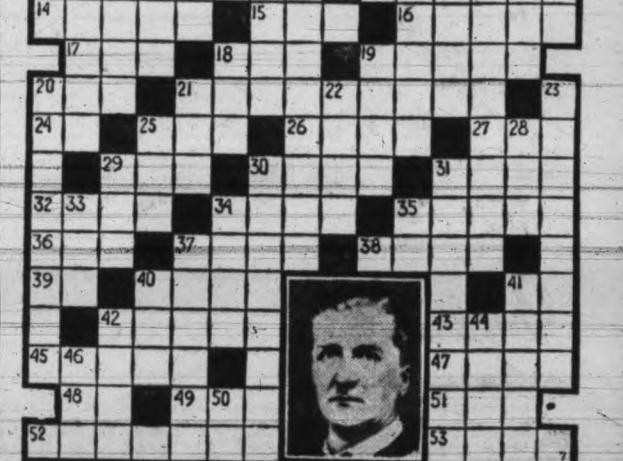

And, anyway, the thing doesn't make any sense any way you look at it. Certainly in any community in which you live there are just as many good-looking, intelligent, amiable, charming men and women as there are in any other community, so why go far afield in seeking a husband or wife instead of looking about for one close at home?

Certainly you have a better chance of happiness if you marry some one you know instead of a stranger that you have to identify by his or her wearing a white carnation in his or her button-hole. If you know 'em, you can avoid tying yourself up for life with Sally's temper or Mary's bad cooking or Emma's extravagance or John's shiftlessness or Tom's drunkenness, but you have no such protection against the faults and vices of a mail-order husband or wife that you contract for, sight unseen.

Marriage has enough risk in it without taking one on a total stranger. So don't do it. It is playing with TNT.

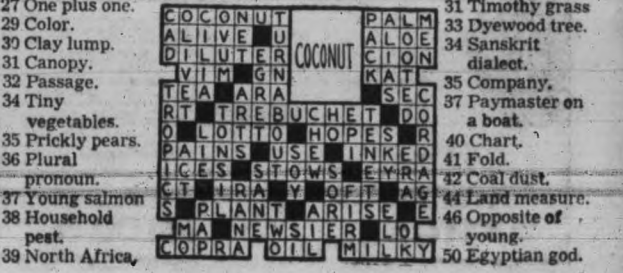

DOROTHY DIX.

**CITRUS SURPLUS DUMPED**—Statistics from California's bumper orange crop: One mile long; 20 feet wide; 15 feet high. Those are the measurements of the orange "dump" near Anaheim, Calif., part of which is pictured above, with fresh oranges being added. Growers said the oranges were of an inferior grade.

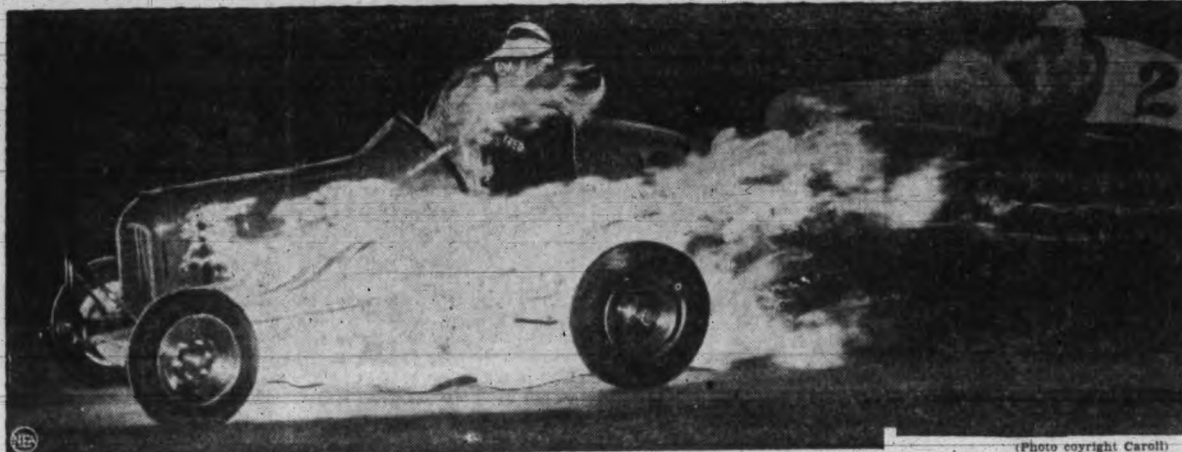

**MUD HOUSES**—Four hundred years ago the Spanish conquerors in Puerto Rico built homes out of "mamposteria," a mixture of mud, lime and sand. Some of them are still standing, proving this material ideal for tropical construction. So when Uncle Sam, through the Puerto Rico Reconstruction Administration, commenced rehabilitating native dwellings on the island, he took a tip from the ancients and used this sturdy "mud." Pictured above is the first house completed. It cost \$700, and is occupied by Mrs. Emiliana Munoz, a widow with 13 children. Below, workmen are shown pounding mamposteria into wooden molds to form the walls.

**ANOTHER LOSS FOR THE CZECHS?**—After German conquest of Sudetenland the Czech government gave heed to the clamor of other nations for a share in the Czechoslovakian pie. Here Count Esterhazy (coat over shoulders, right) represents the Czechs in a conference with Hungarian officials.

**COOLHEADED, THOUGH A FLAMING COMET**—As 15,000 motorists in Los Angeles watched the car driven by Fred Friday in a recent race in Los Angeles took fire when a gas line broke and turned him into the flaming comet pictured above. The car was quickly rammed to a stop. The driver, then steered into the infield, came to a stop, unfastened his safety belt and leaped out—his clothes ablaze. He was taken to a hospital, suffering from severe burns. At right, another car is seen swerving to avoid Friday's machine.

After Nov. 8 what? Will President Roosevelt still be able to smile as above, happy over the victories of the favored, and more completely in control of Congress than before?

Or Will the results be a blow to presidential prestige and continue the inroads made by failure of the "purge"? Mr. Roosevelt, like everyone else, would like to know the answers.

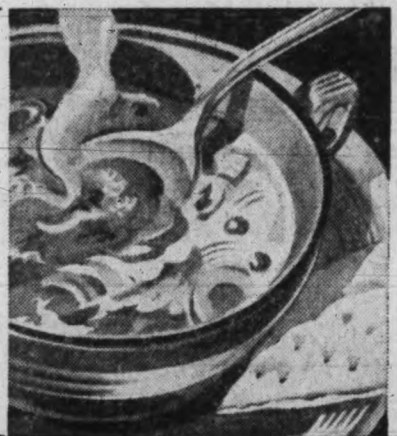

**FLEEING CANTON BEFORE JAPANESE FURY**—With extension of the Japanese onslaught to South China, there are few havens for terror-stricken war refugees. Here is a Chinese family with hastily gathered belongings on the road from Canton just before the South China city fell to the Japanese.

**\*Fish Chowder**

5 cups of diced vegetables—onions, carrots, turnip, potatoes, and outside and top parts of celery suggested.  
4 cups of fish stock or boiling water, or enough to cover the vegetables well.  
1 tablespoon of salt.  
1½ pounds of fish.  
3 cups of milk.  
2 or 3 tablespoons of butter.  
Soda biscuits if desired.  
Boil the vegetables in the stock or water until almost done. (The stock is made by using the trimmings and skin of the fish). Add the fish, cut in pieces, to the vegetables and finish cooking. Flake the fish through the vegetables and add the milk and butter. Heat well, but do not boil after the milk has been added. Serve with soda biscuits. Serves 6 to 8.

**\*Fillets with Spinach and Egg**

Arrange a mound of cooked, chopped, seasoned spinach in the centre of a heated serving dish and garnish with slices of section of hard cooked egg. Around the border of the dish arrange oven fried fillets of fish cooked as follows:  
Dip each piece of fish into salted milk (using 1½ tablespoons of salt to 1½ cups of whole or skimmed evaporated milk). Toss the fish into a pan of sifted dry bread crumbs; coat thoroughly and place in a well oiled baking pan. Sprinkle with cooking oil and cook in a very hot oven (500 to 550 deg. Fahr.) until the fish is tender and the crumbs browned (about 10 minutes).  
Garnish the fish with sections of lemon and fresh parsley.
